CARRANZA EXPRESSES SURPRISE IN HIS NOTE

That Negotiations Continue Without Rebels Being Represented.

ENVOYS ISSUE STATEMENT

Tenor of Note Differs From News Dispatch.

MAY SEND AN ANSWER

Consideration of Agreement Between American Government and Huerta is Delayed by Arrival of Carranza's Agent.

Niagara, Falls, Ont., May 29.—Consideration of an agreement between the Huerta government and the United States was interrupted temporarily today when Juan F. Urquidi, a representative of Gen. Carranza, laid before the South American envoys a note expressing surprise that the mediation negotiations were continuing with the Constitutionalists unrepresented.

After a long debate the mediators decided not to permit Urquidi to present the communication. Then, after a conference with the American delegates, the mediators admitted the Carranza emissary. The following statement was issued by the envoys:

"The mediators have received a communication from a report of Gen. Carranza, the tenor of which differs entirely from the version contained in a news dispatch this morning from Durango and does not disturb the course of the negotiations."

Whether answer will be made to Gen. Carranza or his representative in Washington is not known outside of the diplomatic tribunal. The mediators refused to answer questions on the subject. Attaches, however, reiterated that the proceedings could be re-opened with a Constitutionalist present only if Gen. Carranza agreed to a suspension of hostilities.

Mediators Were Busy.

Mr. Urquidi met with considerable embarrassment in delivering his message. When he sent his card to the mediation chamber word came back that the mediators were busy. He waited an hour and then sent up a note saying he did not come to discuss issues, but merely to deliver a message. The mediators then received him and questioned him about the contents of the note. He was asked particularly if it was as represented in a news dispatch from Durango. The mediators doubted the propriety of receiving Urquidi and finally told him to return at 5 o'clock.

During the afternoon the mediators conferred among themselves and the word was passed around generally that the communication would not be accepted. Finally the American delegates came over to the Canadian side. They talked for more than an hour, then Urquidi was summoned. Minister Naon accepted the note on behalf of the envoys and Mr. Urquidi was dismissed.

The document was signed by Rafael Zubaran Capmany, minister of the interior in the Constitutionalist cabinet who is in Washington. It was written on explicit instructions from Gen. Carranza. The original instructions to the minister are contained in the following message published from Durango today:

Carranza's Message.

"Six days ago conferences began to treat the international conflict between the United States and Mexico occasioned by the arrest of American sailors by soldiers of Huerta at Tampico. To solve this conflict you offered to the government of the United States, to Huerta and to me, your good offices, inviting me to appoint delegates who would represent the general quarters of the Constitutionalist army which is under my orders.

"I answer you that in principle I would accept your good offices and later in a separate message I asked the points which would be dealt with in the peace conference. Awaiting an answer to that dispatch I have not named delegates.

"I am surprised that you have continued to treat for a solution of the conflict between the United States and Mexico without representations from the Constitutionalist army which is under my orders and represents the largest armed force of the republic.

"For this reason I state to you that I believe the conflict between the United States and Mexico ought not to be solved in future conferences unless in these conferences there is represented the gneral hadquarters of the Constitutionalist army."

The note Urquidi delivered reiterates Gen. Carranza's previous position that he always has been willing to send representatives to discuss international questions.

It was suggested in some quarters tonight that a final agreement might not be approved by the United States until the Constitutionalists were brought within the scope of the mediation programme.

The arrival of the Carranza emissary was regarded with evident satisfaction by the American delegates. They are understood to be anxious that negotiations be re-opened to admit Carranza delegates to the mediation conference.

Progress on the agreement between the United States and the Huerta government was slow today.

Fairbanks, Alaska, May 29.—The severest earthquake since that of June, 1912, when the sleeping volcano Katmai, broke its bonds, was felt here at 6:03 this morning, accompanied by a rumbling of the earth. The shock was the fifth in 48 hours.

STEAMER KARLUK CRUSHED IN ICE

Vessel Carried Steffansen Expedition to Arctic.

CREW REPORTED SAFE

But Are Marooned on Herald Island—Plenty of Food and Water to Last Them Until Help Can be Sent.

Nome, Alaska, May 20.—The 320-ton wooden steam whaler Karluk, flagship of the aCnadian government's Arctic exploring expedition, under command of Vilhjalmuh Stefansson, was crushed in the ice and sunk January 16 near Herald Island, northeast of Siberia. The entire white crew except Capt. Robert A. Bartlett, is on Wrangell Island with plenty of food and wood.

Captain Bartlett made his way across the ice to North Cape, Siberia, and then proceedd overland to Whaler bay, Siberia, where he was taken on board the whaler Herman and carried to St. Michael. Information of the Karluk's fate came by cable from St. Michael.

The mouth of the Yukon and the roadstead at Nome are free of ice already and it is said the Herman will go to the relief of the Karluk's crew as soon as she can get through Bering straits.

Captain in St. Michaels.

San Francisco, May 29.—The following wireless message descriptive of the fate of the Karluk, was received here today by H. Liebes and company from Capt. C. T. Pederson, of the whaling steamer Herman:

"Brought Captain Bartlett from Siberian coast. Karluk wrecked near Herald Island last January. Crew is camped Wrangle Island."

The massage was sent from St. Michaels, south of Bering straits on the Alaskan coast. The Herman picked Captain Bartlett up on the Siberian coast nearly opposite St. Michaels.

Liebas & company gave out the information that the Herman will cross back to the Siberian coast, and follow the coast line, break her way through the straits in an effort to reach the marooned crew of the Karluk on Wrangle Island late in July.

News in New York.

New York, May 29.—The Karluk, which carried the Steffasson expedition to the Arctics, was crushed in the ice last January, according to a message received here today from St. Michaels, Alaska. The crew is marooned on Wrangle Island.

The message addressed to Herbert Bridgman, of Brooklyn, announcing the fate of the Karluk, read as follows:

"Karluk crushed in ice January, 60 miles off Herald Island. Bartlett arrived here tonight. Whaler Herman, of Siberia, assistance for crew Wrangle Island."

COMMITTEE COMPLETES WORK ON RIVERS AND HARBORS BILL

Appropriation for Waterway from Norfolk to Beaufort Cut Down.

Washington, May 29.—Work on the Rivers and Harbors bill was completed today by the Senate Commerce Committee and the measure will be reported next week, carrying appropriations aggregating $53,500,000. This is an increase of about $10,000,000 over the total of the House bill, and of $1,094,000 over last year's total.

The Senate committee cut out several small amounts in the House bill, and reduced others, but added many new ones.

The committee increased the following House items:

Chesapeake and Delaware canal to $2,225,000; Tennessee river to $930,000; Mississippi river t$o8,000,000; Delaware river to $2,000,000; Harbor of Refuge, Cape Lookout, North Carolina, to $1,826,600.

The committee cut down the House item of $800,000 for the waterway from Norfolk to Beaufort, N. C., to $600,000; and that for Galveston channel from $1,185,000 to $100,000.

DEPLORABLE AND FATAL ACCIDENT AT HALLSBORO.

Life Crushed Out of Child of Mr. and Mrs. Nance.

(Special Star Telegram.)

Whiteville, N. C., May 29.—News has just reached here of a most distressing accident which occurred at Hallsboro resulting in the death of a six-year-old child, a daughter of Mr. and Mrs. L. M. Nance of that place.

About 6 or 7 o'clock in the evening the child went out on the front porch to water some flowers and in so doing overturned one of the plants heavily imbedded in earth and growing in a wooden box, the box falling on the breast of the child with such a severe crash that it resulted in the death of the little one a few hours later.

Although the heart and lungs were crushed and the breast of the child torn open by the fall of the box, it lived for three hours after the accident. It was a most deplorable accident and Mr. and Mrs. Nance have the tenderest sympathy of numbers of friends throughout the county. The funeral was held in Chadbourn late yesterday, the service conducted by Rev. W. W. Morton, pastor of the Whiteville Presbyterian church.

NINE HUNDRED SOULS GO DOWN WITH ILL-FATED TRANS-ATLANTIC LINER

Canadian Pacific Steamer Empress of Ireland Rammed Amidships in St. Lawrence River by Danish Collier Storstad and Sunk Within Fifteen Minutes in Ninety Feet of Water—Crash Occured Near Land

Special Train With Survivors Aboard, Reached Quebec Last Night.

WAS A PITIFUL SIGHT

Graphic Description of Scene on Empress of Ireland.

Was Given by Dr. Grant, Ship's Surgeon on the Sunken Vessel—Injured Given Every Aid Possible by Him.

Quebec, May 2.9—A train with 396 survivors from the sunken steamer Empress of Ireland, reached here shortly before 8 o'clock tonight. The rescued on board numbered 29 first class, 29 second class and 101 third class passengers and 237 of the crew. Thirty-seven survivors were left at Rimouski, which would make a total of 433 saved.

As revised figures show 1,367 persons to have been on the steamer, this makes the probable number of lost 934.

A full requirement of ambulances and the army medical service corps was in readiness at Levis when the special survivors' train arrived there, and the passengers were disembarked and transferred to a ferry steamer waiting at a special wharf to facilitate the transfer to Quebec.

It was a pitiful sight when the ferry steamer docked on the Quebec side at 8:30 o'clock tonight and the 396 survivors disembarked. Their faces registered the frightful experience they had gone through. Few possessed a complete outfit of clothing.

The second and third class passengers and the crew were made comfortable on the Allan liner Alsatian and the first class injured passengers were tranferred to the Chateau Frontenac. A staff of doctors and nurses took charge of the injured.

Among the 25 first cabin survivors there were eight women and one child. Among the 29 rescued from the second cabin were eight women and one child. Of the 101 persons saved from the steerage four were women.

Saved Many Lives.

Among the 50 passengers left in Rimouski were a number so ill or so badly injured that they had to be taken to hospitals.

To the coolness of Dr. James F. Grant, of Victoria, B. C., ship's surgeon on the Empress, was credited the saving of many passengers taken out of the water who probably would have perished had they not received prompt medical attention.

A graphic description of the scene on board the Empress of Ireland after the collision was given by Dr. Grant.

"I was in my cabin," he said, "and knew nothing of the accident until the boat listed so badly I tumbled out of my berth. I tried to turn on the light but there was no power. I reached the bolted door, but the list was so strong that it took me considerable time to open it. When finally I got out and reached the passageway, it was so steep that my efforts to climb up were rendered impossible.

"I then scrambled up and managed to get my head through a port hole, but I was unable to get my shoulders through. At that time the ship was lying almost flat in the water on her starboard side. A passenger standing on the side of the ship managed to pull me through the port hole.

"About a hundred passengers were gathered on the side of the ship at the time, but a moment after I had joined them the vessel plunged to the bottom.

"I next found myself in the water and swam towards the lights of the steamer Storstad and when nearly exhausted I was picked up by a life boat. On board the Storstad I was provided with clothing. When able I did what I could to help the survivors."

Only Two Children Saved.

Only two children are known to have been saved. A wonderful rescue was one of these—little eight-year-old Gracie Hanaghan, daughter of the leader of the Salvation Army band. Her father and mother were drowned. Gracie was not told of her loss and believed tonight that her father and mother would come to Quebec on the next boat.

When asked how she was saved, Gracie replied: "Oh, I saved myself."

The child was entirely unconcerned. No life boat was near when she was thrown from the Empress. She seized a piece of floating wood and later was pulled into a life boat.

Major Attwell, of Toronto, and his wife, were among the saved.

"I got a life belt for my wife," said Major Attwell, "and we jumped into the water together. We were carried under three times by the suction of the foundering vessel. When we came up the third time I saw a life boat

(Continued on Page Eight.)

MANY NOTABLES AMONG MISSING FROM FIRST CABIN.

A corrected list of passengers and crew on the Empress of Ireland issued officially by the Canadian Pacific Railroad, gives the total number aboard as 1,367, divided as follows:

First cabin passengers, 87.
Second cabin passengers 153.
Third class passengers, 714.
Officers and crew, 413.

First Cabin Survivors.

DR. VENABLE RESIGNS U. N. C. PRESIDENCY

Not Well Enough to Resume Duties of Position.

Acting President Graham Expected to be Elected as His Successor at Early Annual Meeting of Board of Trustees.

(Special Star Telegram.)

Raleigh, N. C., May 29.—Definite notice is received by Governor Craig from Dr. F. P. Venable that he resigns as president of the University of North Carolina, his trip abroad the past year having failed to restore his health to that extent that he feels warranted in resuming the presidency of the institution.

Dr. Venable is still abroad, but will be home in a short time. The matter of selecting his successor will come before the trustees at the commence-

(Continued on Page Eight.)

Few Women Among the Four Hundred and Thirty-Three Rescued.

"S. O. S." CALL SOUNDED

But Vessel Sank Before Aid Could Reach Her Side.

Scores of Those Who Went Down Could Not Get on Deck—Nobody Had Time to Cry "Women First"—Few Picked Up.

Rimouski, Quebec, May 29.—Sinking in 90 feet of water within 15 minutes after being rammed amidships in the upper reaches of the St. Lawrence river early today, the Canadian Pacific liner Empress of Ireland carried down with her more than 900 of her passengers and crew. Of the 1,367 persons on board the liner, only 433 were known to have been saved, making the death list 934.

Looming up through the river mists, as the Empress of Ireland was lying to, waiting for the fog to lift or day to break, the Danish collier Storstad crashed bow-on into the side of the big Canadian liner, striking her about midway of her length and ripping her side open clear to the stern.

The crash occurred not far from the shore off Father Point, 150 miles from Quebec, which the Empress of Ireland left yesterday afternoon bound for Liverpool and ten miles from this point on the St. Lawrence. In reality, therefore, although the liner was heading for the sea and the collier coming in from it, the disaster was not one of the ocean but of the river. Unlike the Titanic's victims, the Empress of Ireland's lost their lives within sight of shore—in land-locked waters.

"S. O. S." Calls Sent Out.

Immediately the ship's crew recovered from the shock of the collision and it was seen that the liner had received a vital blow a wireless "S. O. S." call was sounded.

The hurried appeal was picked up by the government mail tender Lady Evelyn here, and the government pilot boat Eureka at Father Point, and both set out to the rescue. So deep was the hurt of the Empress of Ireland, however, and so fast the inrush of water that long before either of the rescue boats could reach the scene the liner had gone down. Only floating wreckage and a few life boats and rafts from the steamer buoying up less than a third of those who had set sail on her, were to be found. The rest had sunk with the liner, had been crushed to death in the Storstad's impack with her or had been forced from exposure in the ice-chilled waters to loose their hold on bits of wreckage and had drowned.

Only a few persons were picked up by the Storstad which was badly crippled herself and these were brought here by the collier, as were those saved by the Eureka and the Lady Evelyn. Twenty-two of the rescued died from injury or exposure.

The others, most of whom had jumped into the boats or plunged into the water from the sinking liner scantly clad were given such clothing as the town could supply and later those who could travel were placed on board a train and started for Quebec.

Accounts agree that in the brief space of time—not more than 14 minutes—between the shock and the collision and the sinking of the liner, there was little chance for symtematic marshalling of the passengers.

Few Women Rescued.

Indeed, everything indicates that hundreds of those on the steamer probably never reached the decks. Few women were among the saved, not more than a dozen, the lists make it appear.

"It all happened so quickly we did not really know what was going on and nobody had time to cry 'women first,'" one of the passengers told Captain Bellinger, of the rescue boat Eureka.

"The stewards did not have time to rouse the people from their berths," the survivor added.

Those who heard the frenzied calls of the officers for the passengers to hurry on deck and rushed up, piled into the boats, which were rapidly lowered and rowed away. Many who waited to dress were drowned.

Explosion Followed Crash.

The horror of the interval during the time the Empress was filling and the frightened throngs on board her were making every effort to escape before she sank was added to by an explosion which quickly followed the ripping given the liner by the Storstad's bow. According to one of the rescued, the explosion probably caused by the water reaching the boilers, bulged the liner's sides and catapulted persons from her decks out into the sea. The ship's heavy list as water pouring in weighted her on the side she was struck made the work of launching boats increasingly difficult and when she finally took her plunge

(Continued on Page Eight.)

NO NOMINATION IS MADE IN THE THIRD

Matter Goes to Convention Next Week.

HOOD'S LEAD IS SLIGHT

He and Thomas Protest Against Committee's Action and Appeal to State Committee—Great Difficulty in Counting.

Goldsboro, N. C., May 29.—The Democratic Executive Committee of the Third Congressional District, in session here since Wednesday morning, engaged in the difficult task of canvassing the returns from the recent preferential primary in the nine counties composing the district, adjourned at 2 o'clock this afternoon without making a nomination, the whole matter going over to the Congressional convention which meets here on next Wednesday.

Messrs. Geo. E. Hood, of Wayne, and Chas. R. Thomas, of Craven, leading candidates in the field, protested against this action and appealed to the Democratic State Executive Committee. Delegates to the convention June 3rd have been selected with no reference to the candidate for Congress, but with the returns from the primary before them, it is expected that a nomination will be made on some equitable basis. The vote as canvassed shows the following results:

Result of Canvass.

Geo. E. Hood.

First choice votes	2,321
Second choice votes	1,393
Third choice votes	509
Fourth choice votes	134
Fifth choice votes	61
Sixth choice votes	26
Total all choices	4,434

Chas. R. Thomas.

First choice votes	2,305
Second choice votes	1,309
Third choice votes	400
Fourth choice votes	126
Fifth choice votes	48
Sixth choice votes	69
Total all choice	4,257

John M. Faison.

First choice votes	2,114
Second choice votes	1,014
Third choice votes	439
Fourth choice votes	85
Fifth choice votes	67
Sixth choice votes	71
Total all choices	3,790

O. H. Guion.

First choice votes	1,351
Second choice votes	1,466
Third choice votes	343
Fourth choice votes	100
Fifth choice votes	93
Sixth choice votes	30
Total all choices	3,283

Chas. S. Wallace.

First choice votes	1,341
Second choice votes	1,112
Third choice votes	454
Fourth choice votes	133
Fifth choice votes	100
Sixth choice votes	49
Total all choices	3,169

Mr. White.

First choice votes	391
Second choice votes	307
Third choice votes	240
Fourth choice votes	116
Fifth choice votes	134
Sixth choice votes	169
Total all choices	1,357

Difficulty in Making Count.

With 355 precincts in the district and the original ballots from all precincts, containing the names of six candidates, to be counted one by one, the canvass presented a difficult task, and before the counting began it was evident that the selection of a candidate would likely be referred to the convention.

The preferential primary plan provides that after eliminating the lowest man on the several counts, the candidate finally remaining, in order to receive the nomination must have "a majority of the votes cast in the district at large," which was construed by the advocates of the preferential plan to mean a majority on final count. Before the counting began Committeeman W. M. Webb, of Carteret, proposed an amendment which made the plan read "a majority of the votes cast in the district at large **on the first choice.**" This immediately brought to his feet Hon. Rodolph Duffy, of Onslow, who held the proxy of Col. S. B. Taylor, and who was an ardent advocate of the preferential plan. He insisted that the amendment would make a nomination impossible because many voters had not voted any except for first choice and as the elimination of the lower candidates should be made from time to time the vote would be reduced and the final vote would not be as large as the first choice votes. He insisted that the voters had expressed their different degrees of preference and a nomination could be easily made from this mode. The friends of Hood and Thomas, who were in the lead, were supporting Duffy, but a vote was taken and the Webb amendment passed, those supporting it being Webb, of Carteret; Gibbs, of Pamlico; J. C. Thomas, Jr., of Craven;

CABINET DISCUSSES MEXICAN MEDIATION

Administration Takes Positive Position in the Carranza Matter.

COMMUNICATION RECEIVED

Mediators Accept Advances of Rebel Chief

CONFERENCE IS HELD

Secretary Bryan, John Lind and C. A. Douglass, Attorney for the Constitutionalists in Washington, Confer.

Washington, May 29.—Mexican mediation was discussed at the cabinet meeting today and the American administration took a positive position that the communication forwarded to the mediators at Niagara Falls by General Carranza, chief of the Constitutionalist forces, should be received.

President Wilson announced to the cabinet that General Carranza had addressed a note to the mediation conference seeking representation.

Details of the Carranza message were not discussed but it later was declared the administration took the view that the Constitutionalist chief should not be ignored.

While the cabinet was in session word came from Niagara Falls that there was some doubt whether Juan Urquidi, agent of Carranza, who went from Washington with the message, would be received. Later it was learned the administration had directed the American representatives at the peace conference to urge that Carranza's message be accepted.

When word came later today that the mediators had agreed to receive Carranza's communication, government officials expressed the opinion that this would lead ultimately to Constitutionalist participation in the mediation proceedings. On just what terms the Constitutionalists might be received, administration leaders refused to say.

Representatives of Carranza here announced that the nature of the communication would not be made public until the mediators had passed on its contents. Secretary Bryan after being informed of the mediators' decision, conferred with C. A. Douglass, an attorney representing Carranza, and John Lind. Douglass and Lind have been negotiating with Carranza's representatives and the Secretary of State for several days and the sending of Urquidi to Niagara Falls was a result of these deliberations, it was said.

Seek Further Information.

Secretary Bryan today said the Navy Department was seeking to get more information concerning the reported landing of arms by the German steamers Ypiranga and Bavaria. He also discussed with the Japanese ambassador unofficial reports that Japanese vessels had delivered arms at Mexican west coast ports.

With relation to the German shipments it developed that the United States may be called on to pay compensation for delay in delivery of the Ypiranga's cargo. Claims for demurrage date back to the actual seizure of Vera Cruz. The American government is understood to have suggested its willingness to relieve the shippers of financial loss through delay.

Of the reported shipments landed on the west coast, the Japanese ambassador assured Secretary Bryan that he had no knowledge.

General Carranza's offer to settle with the Spanish owners of about $20,000,000 worth of cotton confiscated at Torreon and vicinity cleared a difficult diplomatic problem. To nine of the principal cotton producers, General Carranza offered to release their cotton on payment of a war tax of $15 a bale instead of the $30 for which he had been holding out. Othr Spanish growers may obtain the release of their cotton on the same terms by demonstrating that they have taken a neutral stand during the revolution and have not assisted the Federal cause.

It was announced during the day that Senor Blanquet, minister of war in the Huerta cabinet, at the request of the Brazilian minister, had promised to take immediate steps to obtain information regarding the case of Private Parks and Garcia Muro, the Filipino servant of Captain Rice, who disappeared outside the line at Vera Cruz.

BUSINESS MEN OPPOSE WAR, AS EXPENSIVE.

American Delegates to International Arbitration Conference Act.

Mohonk Lake, N. Y.—Delegates sent to the Lake Mohonk conference on international arbitration by the United States Chamber of Commerce, the National Association of Manufacturers and other business organizations agreed today on resolutions opposing war and presented their conclusion to the conference.

The resolutions asserted that the business men of the country realize that upon them will rest a large part of continuing financial burdens created by armed conflict. The business delegates asked the United States to propose to the powers of the world a curtailment of preparations for war and budgets and the limitation of armaments.

The conference ended today.

AMERICAN

WORLD CHAMPIONS NEAR THEIR HOME AT TOP.

Took Both Ends of Double Header From New York Yankees.

New York, May 29.—The world's champion Athletics won a double header from New York here today by 6 to 2 and 3 to 0. In the first game the Athletics hit Keating hard and bunched their hits with local errors. In the second game Bender had the Yankees at his mercy, only one New York batsman reaching second. In the fifth inning of the second game, Oldring stole third with Bender on that base. Collins, however, came to his comrade's assistance by reaching out at a wide ball and batting to Peckinpaugh thus giving Oldring a chance to return to second.

Philadelphia	013 000 020—6	13	0
New York	002 000 000—2	7	6

Wyckoff, Bush and Lapp, Schang; Keating, Cole and Gossett and Nunemaker.

Second game—

Philadelphia	000 110 010—3	8	1
New York	000 000 000—0	4	1

Bender and Schang; Schultz, Pieh and Gossett.

WALTER JOHNSON OUTCLASSED HIS RECRUIT NAMESAKE.

Senators Divided Double Header With Boston Red Sox.

Boston, May 29.—Washington and Boston divided a double header here today. With Walter Johnson pitching shut out ball against his recruit namesake, A. Rankin Johnson, the Senators won the first, 1 to 0. The Red Sox took the second after ten innings, 6 to 5. The last game was unusually exciting, the lead changing several times up to the tenth inning.

Washington	000 000 100—1	6	1
Boston	000 000 000—0	3	1

W. Johnson and Williams; A. Johnson, Combe and Cady.

Second game—

Washington	200 001 010 1—5	12	3
Boston	000 300 100 2—6	15	2

Boehling, Ayres and Henry; Leonard, C. Foster, Collins and Carrigan.

SOUTHERN WOMAN'S GOLF TOURNAMENT CLOSES.

Knoxville, Tenn., May 29.—The Southern Woman's Golf tournament came to a brilliant close tonight when 24 cups offered by the association were presented to the winners at the Cherokee Country club. This, the final day of the tournament, was marked by brilliant playing. Mrs. Frank J. Jones, of Memphis, is the southern woman's champion, having defeated Mrs. Thomas Paine, of Atlanta, in the finals 6 up and 5 to play. Mrs. Jones played the first nine holes in 41 against 54 made by her opponent. Returns for holes were played in 20 and 19, respectively, by Mrs. Jones and Mrs. Paine. Mrs. Jones, whose playing today was by far the best of the entire tournament was the 1912 champion and runner-up in 1913.

In the final rounds of consolation contests Mrs. Game, of Bristol, defeated Mrs. Newell, of Nashville.

FOURTEEN OUT OF TWENTY-FIVE STICK IT OUT.

Cambridge, Mass., May 29.—Fourteen of the 25 colleges which entered athletics in the annual championship track and field games of the Inter-collegiate Association of America survived the elimination trials held today in the Harvard stadium. he day's program included eliminations in all the events except the distance runs.

NATIONAL

MANAGER AND COACH BANISHED CINCINNATI DOWNS PIRATES.

Alleged Raw Decisions at the Plate Raised Kicks from Pirates.

Pittsburg, May 29.—Cincinnati defeated Pittsburg today 3 to 2. The game was decided in the seventh. Gibson, Coach Frazer and Manager Clarke, of the Pittsburg team were put out of the game by Umpire Rigler for protesting decisions at the plate.

Cincinnati	002 000 100—3	6	1
Pittsburg	100 001 000—2	5	0

Douglass and Gonzales and Clark; McQuillan, Conselman and Gibson, Coleman and Kafora.

MARQUARD HAD THE BETTER OF DUEL WITH PFEFFER.

New Yorkers Beat Brooklyn Dodgers in Spectacular Game.

Brooklyn, May 29.—Marquard had the better of a pitchers' duel with Pfeffer here today and New York beat Brooklyn 1 to 0. The fielding of both sides was brilliant. Dalton's overhead catch in deep center of Meyers' fly and Wheat's one-hand scoop of a low fly was a remarkable combination in the fifth inning. Smith pulled a foul out of the grand stand in Bescher made a star running catch off Dalton's bat.

New York	000 001 000—1	6	1
Brooklyn	000 000 000—0	3	3

Marquard and Meyers; Pfeffer and Miller.

CRAVATH'S HOME DRIVE HELPED PHILLIES WIN.

Boston Outhit, But James' Wildness Droped the Game.

Philadelphia, May 29.—Boston outhit Philadelphia by a big margin today, but the home team took advantage of James' wildness and won the game 3 to 1. Two of the home team's runs were started by bases on balls and Cravath's home run drive produced the other. Whaling threw out five of the six runners who tried to steal second.

Boston	000 010 000—1	9	1
Philadelphia	001 010 10x—3	3	0

James and Whaling; Jacobs and Burns.

FOR HARBOR OF REFUGE

Senator Simmons Introduces Amendment to Bill Increasing Appropriation to $1,826,000.

(Special Star Telegram.)

Washington, D. C., May 29.—Senator Simmons today introduced an amendment to the House Rivers and Harbors bill increasing the appropriation for the harbor of refuge at Cape Lookout from $300,000 to $1,826,000.

Mr. Simmons is the acting chairman of the Senate Commerce Committee and he has every reason to believe that his amenument will be carried through. The latter amount, if carried, will be enough to finish the project. Mr. Simmons also added $10,000 to the bill for the improvement of Pembroke creek.

Capt. Richmond P. Hobson left here tonight for Newbern to make a speech for the Home Coming celebration. Secretary Bryan stated today that he would be unable to attend, and Senator Overman secured Mr. Hobson. P. R. A.

FEDERAL

TOBY'S HOME RUN HELPED ST. LOUIS.

Defeated Kansas City Yesterday Five to Nothing.

St. Louis, May 29.—A home run in the third by Toby, which scored another runner, and three runs in the fourth, enabled St. Louis to win from Kansas City today 5 to 0.

Kansas City	000 000 000—0	8	0
St. Louis	002 300 00x—5	11	0

Adams, Harris and Easterly; D. Brown; Crandall ana Simon.

BUFFALO FEDERALS TAKE SECOND STRAIGHT.

Score Five to Nothing Yesterday—Moore Was Hard to Hit.

Buffalo, May 29.—Buffalo made it two straight from Brooklyn today, winning 5 to 1. The visitors were unable to get more than one hit an inning off Moore. Hanford scored a home run in the eighth.

Buffalo	101 000 210—5	8	1
Brooklyn	000 000 001—1	7	1

Moore and Blair; Marion and Owens.

PITTSBURG FEDERALS TAKE HEAVY HIT GAME.

Terrapins Dropped Seven to Five Game ot Pittsburgher.

Baltimore, May 29.—Pittsburg won from Baltimore today 7 to 5 in a game characterized by heavy hitting.

Baltimore	040 000 010—5	10	2
Pittsburg	050 010 100—7	11	3

Quinn and Jacklitsch; Dickson, Knetzer and Berry.

Only three games scheduled.

WON THE SOUTHERN TENNIS CHAMPIONSHIP.

New Orleans, May 29.—Irving Wright, of Boston, and J. A. Adoue, of Dallas, won the tennis championship of the South in men's doubles here today by defeating Douglas Watters and Henry Burns, of New Orleans, three sets out of four, in the Southern Championship Tennis tournament on the courts of the New Orleans Tennis club. The score was 6-3, 2-6, 10-8, 6-4.

E. Phelps, of New Orleans, will meet Wright in the finals in men's singles.

NEGRO "PREACHER" SHOT TO DEATH FROM AMBUSH.

Had Bad Reputation—Homicide in Lower Cumberland.

(Special Star Telegram.)

Fayetteville, N. C., May 29.—A. A. Nicholson, a negro preacher, was shot from ambush in the lower part of this county this morning and killed. Nicholson had a bad reputation and was jailed here in April on the charge that he had threatened the life of his wife who had left him and gone to Raeford. He was taken off the Raeford train and a pistol was found on him. He was tried and released.

It is also charged that he poisoned a pump to kill a whole family. Sheriff McGeachy and Coroner McGougan went to the scene of the murder. The sheriff brought back and jailed Gus. Williams, a negro, on suspicion, but so far has no direct evidence against him.

—C. Ed Taylor, Esq., of Southport, was in the city on professional business yesterday.

A DAILY HOME RUN

JOE BERGER

"This isn't like it was when I was a kid," says Joe Berger, White Sox infielder. "Here I am on a team with several Irishmen, yet don't have a bit of trouble, in spite of the fact I'm a German.

"It takes me back to my childhood days in St. Louis. My parents moved to that section of the city known as Kerry Patch. Irish families lived there, and I was the only German lad in the neighborhood. Gee, how the fellows used to get after me whenever I ventured out of the house! It was a continual scrap, and I invariably was beaten to a frazzle.

"Finally, I compromised with a couple of the Irish kids—leaders of the gang. They agreed to leave me alone if I would slip them two bits a week.

"I would work my hands off gathring rags, bottles and all sorts of junk to earn that two bits. This I would slip to them every Sunday morning. But times have changed," and Berger sighed slightly.

BENDER WAS THERE

Held Yankees at his mercy, only one batsman reaching second base, and only four finding his delivery.

Auto Classic Is On Today

THOUSANDS OF ENTHUSIASTS ARRIVING IN INDIANAPOLIS YESTERDAY.

Indianapolis, May 29.—Automobile racing enthusiasts, who are arriving at Indianapolis by the thousands tonight are bemoaning the fact that Ralph DePalma will not start in the fourth annual 500-mile automobile race here tomorrow. DePalma said his car vibrated so much that his engine would not stand the terrific strain for 500 miles.

DePalma's place in the race will be taken by Gilhooley in an Italian car, thus making six nations—the United States, France, Great Britain, Germany, Belgium and Italy—contending for prizes totalling $50,000 in addition to a number of special prizes offered by accessory concerns.

The betting favors Goux, winner of last year's race, and his teammate, Boillot. Other noted drivers who will start are: Oldfield, Wilcox, Tetzlaff, Guyot, Christians, Durya, Burman, Wishart, Bragg, Mulford, Anderson, Dawson, Friendrich and Grant.

RAINS IN ROBESON.

Refreshing Showers at Lumberton and Vicinity Last Night.

Lumberton, N. C., May 29.—Lumberton and this section were visited by refreshing rains early tonight followed by much lower temperature. It began raining here between 7 and 8 o'clock and after a heavy shower, continued to rain intermittently until about 10 o'clock.

Towards Fairmont, in the lower end of the county, there was reported a very heavy rain and much good was done to growing crops. Crops will be greatly benefitted by the rains tonight and suffering humanity will be much relieved from a maximum temperature yesterday of 101 degrees.

Mt. Olive, N. C., May 29.—Members of Bear Marsh church, a Missionary Baptist church, located six miles southeast of here, in Duplin county, have more faith in the efficacy of prayers to secure much needed rains than in the predictions of the weather forecasters, and have, therefore, been meeting at their church each day this week at 10 o'clock A. M., holding snort prayer services, interceding for rain.

"The Kayser" SILK Glove

Real Worth and Lasting Value

These you get when the name "KAYSER" is in the hem of your silk gloves.

To buy Kayser Silk Gloves *is true economy*—because "KAYSER'S" wear better, fit better and hold their shape better than any other silk gloves made, yet cost no more than the ordinary kind. Look for "KAYSER" in the hem. You will find it in the genuine.

A guarantee ticket with every pair that the tips outwear the gloves.

NEWS OF A DAY FROM THE STATE'S CAPITAL

Will Provide for All Veterans Who Attend

Reunion Expected to Bring 1,000 to 1,500 to Raleigh—Funeral of Mrs. Nora Taylor, of "Old North State," Held.

(Special Star Correspondence.)

Raleigh, N. C., May 29.—There is every indication that the attendance of Confederate veterans for the annual reunion of the North Carolina division, in connection with the ceremonies for the unveiling of the Horne monument to the North Carolina Women of the Confederacy will be not less than 1,200 to 1,500 and the Chamber of Commerce and other local organizations are taking determined steps to provide the most complete and comfortable accommodations for all of this number who come expecting free entertainment.

The A. & M. college will take care of several hundred and there will be improvised quarters in a number of large halls in the city. Besides great numbers of homes are to be opened to the veterans. So that everyone may come with confidence and assurance of the most comfortable entertainment. The reunion will be in progress June 9 and 10, the unveiling ceremonies to take place on June 10.

One Charter Issued.

A charter was issued today by the Secretary of State for the W. I. Hicks company, of Rocky Mount, for real estate development, capital $25,000 authorized and $1,000 subscribed by W. I., A. C. and G. R. Hicks.

Col. J. Bryan Grimes, Secretary of State, went this afternoon to Scotland Neck to deliver the address for the closing of the public high schools there.

Mrs. R. P. Howell Dead.

News was received here this morning of the death of Mrs. R. P. Howell at her home in Goldsboro. She was about 68 years old and was the mother of Prof. Logan D. Howell, now of New York City schools and formerly superintendent of the Raleigh schools.

A requisition was issued today by Governor Craig on the governor of Texas for Archie M. Bunting who is wanted in Guilford county for wronging Miss Maggie L. Faucett. He left the county some months ago and has enlisted in the United States army, being now in the service on the Mexican border. The War Department has agreed to deliver the fugitive to the Guilford authorities and Sheriff Stafford is to make the trip to Texas to bring him back.

Funeral of Miss Taylor.

There was held this morning at 10:30 o'clock the funeral of Miss Louise Nora Taylor, for many years one of the most unique and beloved characters in Raleigh, her death having occurred yesterday at the advanced age of 90 years. She would have attained her 91st birthday had she lived to December 13, next. Miss Taylor was exceptionally small of stature and somewhat deformed but she possessed an exceptionally sunny and happy disposition and was for many years a most successful teacher.

She had not been out of her room at the old family home, which she owned, at the corner of Salisbury and Hargett streets, in 40-odd years. She was a daughter of the late James F. Taylor, a former attorney general of North Carolina, who erected this Taylor home in 1818 and had his office as attorney general of the State in this building. The funeral of Miss Taylor was conducted today by Rev. W. McC. White, pastor of the First Presbyterian church, of which Miss Taylor had been a devoted member for many years.

RAIN TODAY OR NOT WITHIN THREE WEEKS.

Prognostication Made by Commissioner Graham.

Raleigh, N. C., May 29.—Drought conditions are becoming daily more serious and are widespread, extending practically throughout the State. If there is relief within the next few days agricultural experts say that there will, after all, not be really serious damage to the general farm crops, although the trucking industry is now irreparably injured.

Commissioner of Agriculture W. A. Graham says that he is confident that it will be found that if it does not rain by Saturday, May 30, there will be no let up in the drought for three weeks thereafter. He says that early in life he had it from the lamented Robert I. McDowell, of Mecklenburg, the best weather prophet he ever knew, that this was an unfailing weather condition. This old gentleman told Major Graham many years ago that he came across this statement in the diary of a distinguished French army officer and had observed that the sign never failed. It is that if there is no rain within the period of the fourth, fifth or sixth days after the new moon there would be no rain for three weeks thereafter.

Norris Re-nominated.

The judicial convention for this, the Seventh Judicial district, composed of Wake and Franklin counties, met here at noon and went through the formality of casting the unanimous vote of both counties for the re-nomination of H. E. Norris, of this city, as solicitor for the district, both counties having instructed for Mr. Norris. Charles U. Harris, of this city, was chairman of convention. There was no other business.

On next Wednesday, June 3, the Fourth Congressional District convention meets here when there will be the re-nomination of E. W. Pou for Congress, practically without opposition. This convention meets on the eve of the State Democratic convention.

FINALS START TODAY.

Elon's Commencement Begins the Twenty-fourth in Order.

(Special Star Correspondence.)

Elon College, N. C., May 29.—Elon's 24th annual commencement is scheduled to begin tomorrow evening at 8 o'clock with the class day exercises of the class of 1914. The class oration is to be delivered by Mr. G. G. Holland, Holland, Va. Mr. F. F. Myrick, Bennett, N. C., will preside and also present the mantle of authority to the incoming senior class.

HOBSON AT NEWBERN TODAY

Hero of the Merrimac Will Deliver Address in Bryan's Stead at the Home-coming Event.

(Special Star Telegram.)

Newbern, N. C., May 29.—Unable to leave Washington on account of official duties, Secretary of State W. J. Bryan this afternoon telegraphed the managers of the Newbern Home-coming celebration that he would be unable to deliver the address here tomorrow.

This sudden change came rather unexpectedly, but the managers have succeeded in getting Richmond Pearson Hobson to deliver the address in Mr. Bryan's stead.

Mr. Hobson is an orator of ability, and the thousands of visitors who will come to the city tomorrow will doubtless be just as well satisfied. An elaborate program has been prepared for the day.

NO NOMINATION IS MADE IN THE THIRD

(Continued From Page One.)

Lowrey, of Jones, and Whitfield, of Sampson. Those opposing the amendment and supporting Duffy were Barham, of Wayne, and Armstrong, of Pender, Hill, of Duplin, who was chairman, not naving to vote except in case of a tie.

After the entire vote was counted and tabulated, Webb, of Carteret, offered a resolution declaring no nomination and referring the whole matter to the convention. Duffy offered as a substitute a motion that the committee proceed under the rule to eliminate the lowest man and count the second and third and other choices until a nomination was made. Mr. Duffy made one of his usual strong speeches, pleading with the committee to allow the nomination to be made from the ballots as cast by the voters according to their expressed preferences.

Webb, of Carteret, moved to table the substitute of Duffy, which was carried; Webb, Gibbs, Lowrey, Whitfield, Hill and J. C. Thomas, Jr., voting to table. The original resolution was then passed and the entire matter was referred to the Congressional Convention, which will convene at Goldsboro on June 4th, where it is assured the low candidates will continue their fight for the nomination.

Messrs. Hood and Thomas protested against the action of the committee and gave notice of an appeal to the Democratic State Executive Committee. It is likely that the appeal will be certified immediately to the State committee and a hearing will be given at the earliest possible time.

The situation is considered very serious and it is hoped for the good of the party that a way out of the entanglement may be found.

Hood Makes Statement.

In an interview, Mr. Hood this afternoon stated that there seemed to be a general feeling among the committee and the people that in view of the fact that he had received a plurality of choices over all other candidates, that he should be nominated.

He felt sure he would have won according to the preferential process of elimination, had the committee counted the ballots upon the idea. Mr. Hood asked that it be stated through the newspapers that he appeals to every friend that he has in the Third Congressional district to be here Wednesday and uphold his efforts to get justice inside the party and secure the nomination which he feels that he is justly entitled to.

Wednesday, when the committee first met, there was difference of opinion with reference to the construction of section seven of the plan of the primary, which reads as follows:

That Rule Seven.

"That the Congressional Executive committee shall meet and canvass the vote of the candidates from the various precincts of the different counties of the district, and in counting the votes, the candidate receiving a majority of all the votes cast, as first choice, shall be declared the nominee; and if no one of said candidates receive a majority of the votes cast, the counting shall continue and the candidate receiving the fewest number of votes on each count, shall be eliminated from the contest, and the choice expressed on the ticket for the candidates in the manner specified on said ballots, and the counting to be continued until some one of the candidates has received a majority of the votes cast in the district at large."

The executive committee of the Third district convened here Wednesday at noon and began counting the votes cast in the recent preferential primary held in this district. Late that night only two of the nine counties had been completed—Carteret and Jones.

Early in the meeting it became evident that a spirited contest was on hand and that an effort would be made by the minority candidates—those other than Messrs. Hood and Thomas—to annul the vote in the primary and send the entire matter to a convention. This question was raised before the counting began by a motion made by W. M. Webb, of Carteret, to the effect that no candidate should be declared the nominee until he had received a majority of the vote cast in the district at large, on the first count. This was by way of amendment to section 7 of the plan and, if adhered to, would make a nomination impossible, because by the process of eliminating the votes of the lowest man the final deciding vote would be much less than the total vote cast in the district at large, on the first count.

The original plan for the primary was carried by a vote of five to four in the committee, and the amendment which would nullify the effect of the primary vote was carried only by the vote of Fitzhugh Whitfield, of Sampson, who was supposed t ostand for the original plan.

Other members of the committee voting with him were: W. M. Webb, of Carteret; J. C. Thomas, Jr., of Craven; J. R. Lowrey, of Jones; H. L. Gibbs, of Pamlico. Those voting against the amendment were: W. L. Hill, of Duplin; T. J. Armstrong, of Pender; Rodolph Duffy, of Onslow, and J. L. Barham, of Wayne.

The action of Committeeman Whitfield, in changing his attitude, was a great surprise to the friends of Thomas and Hood, who believed them to be in the lead, and they construed the action as a definite purpose to prevent the candidates receiving the highest votes from being nominated, so that the nomination would be thrown into a convention where a deadlock might occur and give the low man a better chance.

Hon. Rodolph Duffy made an impassioned appeal to stand by the candidate receiving the highest vote in the primary and to declare the "people's choice" the nominee. He was repeatedly applauded by his hearers, but was defeated by one vote.

MRS. HAND IS HELD UNDER SURVEILLANCE

Judge Cooke Will Investigate Next Week.

Pender Woman Re-Arrested Yesterday at Instance of Coroner—Attorney Bland Applies for Writ of Habeas Corpus.

After the re-arrest yesterday of Mrs. Grover C. Hand, who shot and killed her brother, Geo. P. Hand, Tuesday morning at the home of their father, five miles east of Burgaw, J. T. Bland, Esq., her attorney, came to Wilmington to apply for a writ of habeas corpus from Judge Cooke. Superior Court had not adjourned when he and his son, who is also an attorney, arrived and they went immediately to the court room. Judge Cooke issued an order that she be held under surveillance at her home until Wednesday morning at which time he will open Superior Court in Burgaw.

The physical condition of Mrs. Hand is rather delicate and Judge Cooke did not feel that she should be kept in jail at this time. At the same time he thought that the circumstances surrounding the case demanded a thorough investigation before taking any action. The order issued by the court, it is understood, requires that she be safely guarded at her home until the opening of Burgaw court. No one is to see her except in the presence of the sheriff and her attorney.

(Special Star Correspondence.)

Mrs. Hand Held Prisoner.

Burgaw, N. C., May 29.—Now that the occasion of the unveiling of the Confederate monument is passed, the tragedy of Tuesday morning, when Mrs. Grover C. Hand shot and instantly killed her brother, Geo. P. Jordan, at the home of their father, George F. Jordan, five miles east of here, is the chief topic of conversation on all sides. This was accentuated this morning, when Acting Coroner A. E. Burton called together again the jury that held the inquest over the body of the deceased, and, after looking into the law, decided that they had done what they had no right to do in allowing Mrs. Hand to give bond. The sheriff was instructed to take her into custody, which he proceeded to do, bringing her to Burgaw. But, instead of placing her in jail, the sheriff arranged for her to be kept in a room in the court house under guard. It is understood that her lawyers, Messrs. Bland & Bland, will make application for a writ of habeas corpus, and endeavor to secure her release. Messrs. Bland left for Wilmington this afternoon, in an automobile, presumably to make application to Judge C. M. Cooke, holding court there, for such a writ.

The statement published in some papers to the effect that sentiment here is with Mrs. Hand are very erroneous. Just the reverse of this is true. Also, the statements derogatory to the character of the deceased that have been published were without foundation in fact. He was a man of good character and standing in his community, with plenty of friends and no known enemies outside of his family connections. He was a farmer and made his living that way. He lived with his father, who had been for several years incapacitated for any kind of business. The deceased was the only son, and unmarried.

Superior court, which convenes here next week, will not begin the term until Wednesday. Judge Cooke has so advised the court officers and they have notified jurors and others required to attend.

FOUR YEARS FOR H. C. SMITH

Goldsboro Man Charged With Embezzlement Pleads Mercy of Court In Bank Case.

(Special Star Telegram.)

Goldsboro, N. C., May 29.—The case of Herman C. Smith, charged with embezzlement in connection with the Goldsboro Savings & Trust company, and the National bank, of this city, came up for hearing in the Superior court here this morning, Judge Peebles presiding, and the defendant, through his counsel, W. S. O'B. Robinson, entered the plea of guilty and threw himself on the mercy of the court.

After going into a brief review of the charges, and hearing eloquent pleas from Judge Robinson and Edgar Broadhurst, of the Greensboro bar, as a boyhood friend of the unfortunate defendant, who came voluntarily from Greensboro to do what he could, and without strong pressure for severe punishment on the part of the prosecution, Judge Peebles sentenced the defendant to a term of eight years at hard labor in the penitentiary, but subsequently upon the defendant's transferring all his property holdings to the bank he had defrauded, the term of imprisonment was changed to four years.

POLYGAMY IN UTAH IS "THING OF THE PAST."

Petition From West Durham Citizens Brings Out Denial.

Washington, May 29.—A petition from citizens of West Durham, N. C., protesting against the reported existence of polygamy in Utah was read in the Senate today by Senator Overman. It drew from Senator Sutherland a denial that the Mormons of his State now practiced plural marriage.

"Polygamy," said Senator Sutherland, "has been absolutely abandoned in Utah and has not been practiced for many years. There are still some old people who entered in that relation many years ago who still maintain their households.

"I am sure that if the question were submitted to a vote of the Mormon people they would never decide to return to Polygamy."

The Day of Fake Advertising is Passing

As a matter of self-protection, as well as protection of the public, we are downright glad to see the dawn of honest advertising.

The store that has honest merchandise at right prices need not hesitate to tell the truth.

For Example, we never had the least difficulty in advertising Stein-Bloch Smart Clothes for men. They contain so much that is superaltively good that the plain truth about them is the simplest kind of a story.

But after all they tell their own story better than cold type can tell it. If you, Mr. Man, are not familiar with that story and the clothes that tell it, don't you wait another day to hear it.

Incidentally, the Spring and Summer showing of Stein-Bloch Smart Clothes is ready. To be found here exclusively.

THE MORNING STAR

Published by the
WILMINGTON STAR COMPANY, INC.,
Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday at $6 per year; $3 for six months; $1.50 for three months; 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate and like matter will be charged at the rate of 10 cents per line, to persons carrying a regular account, or, if paid cash in advance a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, excursions, society meetings, political meetings, etc., will be charged under the same conditions, except so much thereof as may be of news value to the readers of the paper, in the discretion of the editors.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest are not wanted; and, if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

ALL DRAFTS, checks, express money orders and postal money orders for the paper should be made payable, and all communications should be addressed, to

THE WILMINGTON STAR CO.

Saturday, May 30, 1914.

When the boss is dead the office boy can blame everything on him.

If he who puns is a punster, why isn't one who bolts a bolster?

Some politicians run on their merits while others run on their nerve.

A man who is made a dupe today should avoid becoming a duplicate tomorrow.

A man who pursues the even tenor of his way is not apt to pick up diamonds on the way.

By our leaving it to the Mexicans to fight it out among themselves, we observe that the majority seems to be winning.

A Wilmington girl is a regular chatterbox but her father accounts for it by saying she is a speaking likeness of her mother.

When it comes to the office seeking the man, there are very few men that an office would seek so as they would notice it.

A tourist notes that "Paris women put on airs." Probably he also noticed that they put on very little of anything to cover up their airs.

A man boasts that in college he was in the same class with President Wilson, but we know of no one who is in Wilson's class today.

The "coming man" may be expected to come and keep on coming after next Monday. He will have a pocket full of bills for things purchased in May.

The commission form of government for Mexico, with three men to do the governing, is better than a one-man government of the kind which Mexico has had to put up with.

After a man gets into public life he keeps on wanting to stay in it. For that reason a lot of other men get down on him, and it's all because he would get down so they can get up.

Colonel Roosevelt says "a man can't be in forty places at one time." Nevertheless, a man can stay away from 40 places at one time. By George, both of these are propositions which no slack wad can dispute.

It is said Huerta may abdicate, but up to now the old Indian stays right with them and at no time has manifested a tendency to absquatulate. Huerta does not seem to know anything about "leg bail" as it is known in South Carolina.

Senator Hoke Smith enjoyed being governor of Georgia but he likes the United States Senate better than anything else he has tried. He has announced himself for his own successor, and from now on will do everything he can for himself. No other candidate need expect his support.

Says the Charleston News and Courier: "A scientist says that speech distinguishes man from the lower animals. Sometimes the distinction is very much in favor of the lower animals." However, if they could only talk they might cuss out each other and tell junkhouse jokes just the same as men.

Vice President Marshall talked with newspaper men on national prohibition, the Mexican situation, the attitude of Roosevelt, and political matters in general, but he refused to talk on the subject of woman suffrage. "Mrs. Marshall is opposed to it," he said, "and that settles me." This shows that Vice President has no hesitancy in making it unanimous when Mrs. Marshall says the word.

A distinguished explorer, once President of the United States of America, tells about two magnificent waterfalls which he discovered on a recent trip through the wilds of Brazil. He asserts that they are not on the map, but has he searched the newspapers for pictures of these scenic cascades? They may not be on the map, but what's the difference when an unswatted fly can put specks on the may at random?

HUERTA'S SECRET MURDER METHODS.

Two more members of Huerta's cabinet are strangely missing. Their disappearance is veiled in mystery and the probability is that the whole thing occurred in a back lot where the remains of the two cabinet ministers are enshrouded in earth. A President is supposed to need his cabinet officers, but the probability is that Huerta considered that he had two more than he needed. In fact, Huerta regards his cabinet as more ornamental than useful and just thins it out when he gets tired seeing so many of them hanging around. Doubtless, they are afraid to resign and have to be resigned to their fate whenever the dictator does not like them any more.

Of course, those two missing cabinet ministers may have gotten cold feet and found some means of burning the wind. Some of the ministers have been known to do that when they got the chance, but in the City of Mexico good chances are excedingly scarce. Dr. Aureliano Uurritia, Huertar's "private executioner," a cabinet member who had cnarge of taking undesirables off and getting rid of them, got a good chance himself. He took it, and skipped to Vera Cruz where he felt safe among the American forces occupying that port.

Dr. Urrutia didn't state whether he was required to write out sure pop prescriptions for undesirables or whether they were turned over to him for an operation from which they could not recover so they could notice it, but at any rate, he told a horrible story about the clandestine murder of men whom Huerta disliked or suspected. He stated that many were killed secretly but he did not know how many. The doctor conducted a sanitorium and doubtless knew only about the patients which were knifed in his establishment.

Just after President Madero was assassinated, Senator Dominguez arose in his seat and criticised Huerta, declaring as he took his seat that he was sure his criticism was his "last will and testament." He knew that it meant death for him. Dr. Urrutia says the Senator was seized and later marched away to be killed. He denies that the Senator's tongue was cut out. He was just shot. So was Senator Randon, whose execution was carried out by Huerta's order because he was a Maderista Senator.

Dr. Urrutia says when he got orders to get rid of an undesirable, he had to obey orders, as there was nothing else for him to do. That information comes from a man who was one of Huerta's cabinet members. The Huerta referred to is the one whose dictatorship President Wilson has steadfastly refused to recognize and for which Wilson is criticised by Americans who declare he has blundered in not recognizing Huerta.

We don't think it would take a true blue American but a second to decide with Wilson against critics who hand out gab like some of that we have heard and read. Most of the tired feeling we have had lately is because of some of the wiseacre critics who go about "darkening counsel with words without knowledge."

ENDOWING THE RED SPRINGS COLLEGE.

Not only is the plan to raise an endowment of $100,000 for the Southern Presbyterian College at Red Springs a matter of great general interest, but the proposition of Dr. James A. Macdonald, of Toronto, to change the name of the college to "Flora MacDonald College" will prove one of peculiar interest because of the widespread sentimental reasons for thus perpetuating the memory of a most remarkable woman, a notable figure in early Cape Fear history.

Dr. Macdonald, who is the distinguished editor of the Toronto Globe, and a kinsman of the famous Scotch woman, made that proposition in the able and splendid address which he delivered at the annual meeting of the Scottish Society of America, held at Fayetteville this week. The Star yesterday published a large portion of Dr. Macdonald's address and we are sure it will appeal strongly to the Scottish lineage of North Carolina. We have a great many Scottish descendants in Eastern North Carolina, and no State has any finer people than those North Carolinians who are so justly proud of their Gaelic forfears.

The Red Springs college for women is a Presbyterian institution. It is located in the very midst of the Scotland of Carolina, and while Dr. Macdonald's proposition is purely a church matter, he presents the reasons so strongly and logically that we are sure it will challenge the favor of the thousands of Scottish descendants and people generally throughout the State. Quite naturally, we can have no suggestion to make, but Dr. Macdonald has furnished all the reasons and they must strike a responsive chord in Eastern North Carolina.

What matters it if Flora MacDonald was loyal to the King during the American war for independence? She was a heroine and a type of woman worthy of being honored, and especially so since some of our best people are her descendants or of those who took her view and remained loyal to the mother country.

We are soon to celebrate the 100th anniversary of peace between the English speaking nations and that long era of peace, which has been a blessing to both countries, could not be better perpetuated in sentiment than in a generous response to the fine sentiment which Dr. Macdonald so eloquently expressed at Fayetteville. He generously offered $15,000 towards the $100,000 endowment for the college, provided the name be changed, but we do not presume that money would be any consideration in that connection. However, sentiment will weigh a great deal among North Carolina's Scottish descendants, and it is for them to pass finally on the distinguished Canadian editor's proposition.

ROOSEVELT AND CANNON.

Col. Roosevelt and Uncle Joe Cannon exchanged a number of letters when the former was President and the latter was Speaker of the House. A few days ago, Uncle Joe challenged the Colonel to publish those letters, but the ex-President says he filed Uncle Joe's letters in the waste basket. When asked at Oyster Bay about former Speaker Cannon's challenge, the former President said:

"I cannot imagine what Cannon is talking about. What does he want to publish? He was Speaker when I was President. I doubtless wrote to him, and he wrote to me. But I have no letters of his to publish. Most of them were filed away in my waste basket. He may certainly publish any letters I ever wrote to him."

Uncle Joe seems to have kept copies of his letters to the Colonel and preserved the latter's letters to him. Doubtless Uncle Joe would like to get in writing from the Colonel what he said to the newspaper men. The Colonel assents to the publication of his letters, but the assent is not quite strong enough to be classed as a ready and hearty consent. Burning letters did not seem to be a habit with Uncle Joe and the shrewd old Illinois politician seems to think he has some Roosevelt letters which would make it appear that the Colonel is strangely inconsistent. Probably Uncle Joe will begin his campaign next week, and whether he will read those letters from the stump, or keep them under cover, is not known.

However, if the Colonel goes into Uncle Joe's district to campaign against him, he is likely to use some letters which it will be difficult for the Colonel to explain without a great deal of circumlocution and sparring for points. We hardly expect the Bull Moose to go over to Illinois for a mix-up with the ex-Speaker. When he was in Washington last Tuesday, the Colonel announced that he will go to quite a number of places to help out the Progressive cause, but he could not be expected to be in forty places at the same time. It is safe to assume that one of the forty places where he won't go is in the Illinois territory where Uncle Joe proposes to make a fresh trail.

BETTER TRAIN SERVICE FOR WILMINGTON.

The Chamber of Commerce cannot pursue a matter more vital to the interests and more reflective of the importance of this city than that of better train service in and out of Wilmington on our various railroads. The question involves not only the means of travel but the accommodations for passenger traffic, and since the matter has been formally reported to the traffic committee, it should be now and always one of the liveliest questions of the community.

This is everybody's business, and it is not necessary to urge that the progress of Wilmington and the progressiveness of the city and port demand train efficiency to meet all the needs of development here. Indeed, better train service is absolutely necessary as one of the factors in the progress of Wilmington, and certainly that service should keep pace with the development of this vity as this time. Don't let up on this matter at all.

The Mexican Constitutionalists executed 57 Federal officers a few days ago and gave as the reason that it would keep them from giving any more trouble to the Constitutionalists and the United States. To kill off trouble-breeders surely will remove a source of trouble, but even that will not prevent this government from expressing indignation and protest against the ferocious execution of men who are fighting for what they think is right. It does not please the United States to have men slain because they might persist in being hostile to this country.

CURRENT COMMENT.

As there will be nothing in it for them any way, there is no particular reason why the Republicans and Progressives in this State should bother to get together.—Durham Herald.

In an open letter which in some respects is the most startling document we have seen in many moons Clarence Poe has resigned as a member of the committee on living conditions and as chairman of the executive committee of the Southern Sociological congress. The letter is directed to Governor Mann, of Virginia, president of the congress, and it charges by inference, if not directly, that the organization has degenerated into an instrument for the gaining of social equality. Mr. Poe credits the officers of the congress with ignorance of what is going on, but he recites a series of events that, he maintains, prove that the congress is being so used. He declares that at the Memphis meeting conditions in the hall became intolerable, and the local committee asked the congress to seat the white and negro delegates separately, whereupon "the officers," according to the daily papers, abandoned the theatre which had been provided for the meeting by Memphis people, and adjourned to another auditorium. Mr. Poe is one of the officers of the congress, but he had nothing to do with that, and that his innocence may be understood he has resigned. He demands that the two races organize seperate sociological organizations.—Greensboro News.

The Republican party in power in North Carolina, either through itself or by means of fusion, has always been a curse to the State. It has left behind it a maledorous trail, and whenever there has been a threat of its return to power, the people who long for the best for North Carolina have felt that this meant danger to the State. Just now there are steps being taken in "mediation" proceedings between the Bull Moose Progressives and Elephant Republicans. Two years ago these wings of the same party concluded to flop separately, now the effort is to be made to flop together in an effort against Democracy. Whether there is a compact of peace made or not, the reunited or the dismembered Republican party is not going to be successful in North Carolina. The obvious reason is that the people by a vast majority have no confidence, no faith in that party, whether it fights under its own flag or under an emergency standard, for "it is the same old coon with another ring around its tail." And the people who reject it are right, for it has proven a party unfit to be entrusted with the affairs of North Carolina.—Raleigh News and Observer.

HEMENWAY SCHOOL CLOSED

Certificates of Promotion for 62 Graduates—Programme of Exercises. Grand Honor Roll.

The first commencement of the season in Wilmington took place yesterday morning at the Hemenway school, this being the last one that will be held in the present building, as workmen will begin in a few days to remove the structure, preparatory to the erection of a new edifice. The exercises were attended by a large assemblage of the parents of the children and their friends. The programme was a most interesting one.

Supt. J. J. Blair, of the city schools, assisted by Prof. O. A. Hamilton, principal of the school, had charge of the exercises. Short addresses were made by Mr. J. Allan Taylor, chairman of the school board, and Rev. Dr. A. D. McClure, pastor of St. Andrew's Presbyterian church. Several songs and recitations by the children added to the enjoyment of the occasion. At the close of the exercises Superintendent Blair presented certificates of promotion to the High School to the 62 members of the eighth grade, who have completed their work in this grade. The grand honor roll for the term was then read.

Following is the programme of the exercises:

Song No. 5—"A Prayer."

Devotional Exercises, 1st Psalm Prayer, Rev. W. L. Rexford.

Declamation, David Jacobi—"Opportunity."

Declamation, Lenox Cooper—"How Did You Die."

Presentation of Class Gift—Harry Tucker.

Song No. 22—"Snow Drops and Crocuss."

Address—J. A. Taylor.

Presentation of Certificates—Superintendent Blair.

Address—Rev. Dr. A. D. McClure.

Song No. 25—"Wynken, Blynken, and Nod."

The eighth grade presented to the school a bas relief of the Lewis and Clark expedition. The presentation was made by Harry Tucker. A picture of "Prince William of Nassau," by Van Dyke was presented to the school by Mrs. Brock's division of the seventh grade.

Names of Graduates.

Following is a list of those who graduated:

Emma Allen, Rosalie Badon, Wash Bannerman, Janie Beatty, Margaret Beery, George Berger, Emilie Bissinger, Effie Boon, Marie Bonitz, Anna Bell Branch, Mary Carney, Charles Cavenaugh, Lenox Cooper, Marie Dreher, Martha Dreher, William Ek, Mabel Eure, Beatrice Evenson, Calvert Hall, Ella Hardison, Harry Horowitz, Edward Heyer, Isabel Hinnant, Catherine Heyer, David Jacobi, Hardy Jacobs, Elsie Jones, Gladys Johnston, Marie Keels, Lila Koonce, Clyde Lassell, Rufus LeGrand, Carrie McInnis, Vivian McEachern, Dorothy Meier, Lucile Merritt, LeRoy Meyland, Houston Motte, Mike Newman, Minnie Louise Perdew, William Powell, Irene Price, Lilias Quelch, Joanna Rehder, Orrie Rembert, Eleanor Schuster, Florence Scott, Grace Shepard, Ray Silverman, Douglas Sprunt, Arline Stanland, Elizabeth Tate, Richard Thigpen, Harry Tucker, Helen Weathers, Bernice Williams, Omah Williams, Stanley Williamson, Annie Wallace, Stancil Woolard, Milan Wood and Robert Wright.

Following is the grand honor roll for the year of all the grades in the Hemenway school:

Eighth Grade A.

Miss Shaw teacher—Helen Weathers.

Perfect in attendance one year—Johanna Rehder, Margaret Beery, Ella Koonce, Beatrice Evenson, Helen Weathers, Rosalie Badon, Elizabeth Tate, Grace Shepard, Gladys Johnston, Lilias Quelch, Minnie Louise Perdew, Effa Boon, Carrie McInnis and Marie Keels.

Perfect in attendance two years—Lila Koonce, Lilias Quelch, Helen Weathers, Gladys Johnston, Rosalie Badon, Carrie McInnis, Marie Keels, and Margaret Beery.

Perfect attendance in three years—Rosa Badon, Marie Keels, Carrie McInnis, Margaret Beery.

Eighth Grade A.

Mrs. Fennell, teacher—Rufus LeGrand and Houston Merritt.

Perfect in attendance one year—Arline Stanland, Florence Scott, William Ek, Lenox Cooper, Rufus LeGrand and Houston Merritt.

Seventh Grade A.

Mrs. Brock, teacher—Margaret Anderson Williams.

Perfect in attendance two years—Nathan Humphrey and William Creasy.

Perfect in attendance three years—Elizabeth McClure.

Perfect in attendance six years—Margaret Williams.

Perfect in attendance seven years—John Warren.

Seventh Grade B.

Miss Farmer, teacher—Ella McCarley and Howard Penton.

Perfect in attendance for one year—Ruth Harton, Ella McCarley, Annie Goldberg, John Boesch, John Clark, Edward Murphy, Howard Penton, William Pope, Clarence Rice, Horace Taylor and Earl Russ.

Perfect in attendance two years—Edward Murphy, John Boesch and Horace Taylor.

Sixth Grade A.

Miss Keith, teacher—Archie Keels and George Murphy.

Perfect in attendance one year—John Branch, Archie Keels, Mae Grant and Mae Sanders.

Perfect in attendance two years—Mae Sanders, Archie Keels and John Branch.

Sixth Grade B.

Miss Cavenaugh, teacher—Allie Humphrey, George Reaves.

Perfect in attendance three years—George Reaves.

Fifth Grade A.

Miss VonGlahn, teacher—Gladys Fore and William Smith.

Perfect in attendance one year—William Smith and Gladys Fore.

Perfect in attendance two years—Victor Zoeller, Dorothy Banck, Fannie Johnson and Henry Duls.

Fifth Grade B.

Miss King, teacher—Dorothy Boon, Caroline Bear, Edward Koonce and Clark Huggins.

Perfect in attendance one year—Edward Koonce, Frederick Hull, Henry Gieschen, Marjorie Murrell, Clark Huggins and Haywood Porter.

Perfect in attendance two years—Henry Gieschen and Marjorie Murrell.

Perfect in attendance three years—Marjorie Murrell.

Fourth Grade A.

Miss Boon, teacher—Margaret McCarley.

Perfect in attendance one year—Elizabeth Cooper, Katie McInnis, Nida Packer, Frances Jones, Ditmore Harvey, Clifford Cooper, Elmer Jones, Lawrence Schuster and Duvall Williams.

Fougth Grade B.

Miss Farmer, teacher—Perfect in attenance one year—Herman Schnibben and John Spillman.

Third Grade A.

Miss Pickard, teacher—Perfect in attendance one year—Lillian Whilden.

Perfect in attendance two years—Lillian Blake.

Perfect in attendance four years—Helen Ottaway.

CHRISTIANITY THE MOST PROFITABLE PROFESSION.

Brings Greatest Return In Future Rewards at Least, Says Mr. Haynes.

"The most profitable profession in the world today is that of being a Christian. Not, perhaps, in material prosperity, but certainly in future rewards," said Evangelist Carlyle B. Haynes last night at the big tent at 11th and Market streets, in an address on the question, "Is Being a Christian Worth While?" which he delivered before the large audience which is nightly attending his evangelistic meetings.

This meeting completed the first week's services at the tent, no meeting being announced for tonight. The second week of these services will begin Sunday night, at which time Mr. Haynes will deliver an address on "The Return of Jesus." In his sermon last night Mr. Haynes based his remarks upon six promises to the overcomer found in the second and third chapters of Revelation. He declared that these promises set before the Christian a reward which far surpasses anything else for which men could strive. No reward, no return for toil or effort, he said, in any other business or profession or trade or human endeavor could compare for a moment with the surpassing glories of the reward which will be conferred on those who have followed here in the footsteps of the lowly Nazarene.

TWO STEAMERS ARRIVE.

British S. S. Usher Brings Cargo of Nitrate of Soda from Chile.

The British steamer Usher, Capt. Doty, reached port late yesterday with a cargo of practically 5,800 tons of nitrate of soda from Iquique, Chile. The cargo is to be discharged at the Seaboard terminals. The vessel is consigned to Heide & Company.

The Belgian steamer Iris, Capt. Therlar, from Hamburg, also arrived in this port yesterday. She brings a cargo of kainit and sulphate of ammonia to be discharged at the Seaboard terminals. The vessel comes to Heide & Company.

—By deed filed for record yesterday C. Ed Bender and wife transfer to Green Loftin, for $10 and other considerations, lot on northeast corner of 14th and Church streets, 33x82 1-2 feet in size.

UNTIL you see the 1914 Weber and Columbus wagons, you cannot be posted on the latest improvements on farm wagons. Weber and Columbus wagons, A-grade, built to the highest standards in every detail, are also

The Only Fifth Wheel Farm Wagons on the Market

The International fifth wheel (patent applied for) is worth a trip to town to see. Because it prevents the pulling up or pitching of the front bolster, it is one of the best improvements ever put on the farm wagon. It means no more bent and broken king pins—no more bent and broken circle irons—longer life for the wagon, and easier work for the horses. See the International fifth wheel on Weber and Columbus wagons.

If you will write to us, we will send you catalogues and information about this and other improvements on farm wagons and will tell you where you may see the wagons.

The Spirit of Progress

During the last few years Wilmington has made splendid progress in many directions—her population has increased rapidly; her streets have been improved and beautified; her car lines have been extended; many handsome buildings have been erected; her school system has been added to and improved; and business enterprise has prospered.

A natural and commendable desire for better things has filled our people with a spirit of progress and improvement.

We must keep the good work up. Every man, woman and child should take a part in this forward movement. This bank can help you do your share. Come to see us.

COUNCIL STANDS PAT ON HEALTH BUDGET

Three Members Voted in Favor of the Reduction.

Councilmen Chadwick and Loughlin Voted for Appropriation as Recommended by Board of Health—Protests.

Following extended consideration given the matter at the meeting held yesterday morning, when a large delegation of citizens was present to protest against any decrease in the health budget as approved by the Board of Health, City Council met in special session yesterday afternoon with Dr. C. P. Bolles and Mr. J. Allan Taylor present representing the citizens who had made the protests, and adopted the health budget as amended by Council, cutting off the appropriation for an assistant county health officer and an engineer and lowering the number of sanitary police from eight to five. Three Councilmen, Messrs. Merritt, Wood and Jones, stood pat and voted in favor of the reduction, while Councilman D. N. Chadwick, heretofore looked on as supporting the reduction, joined with Councilman Loughlin yesterday afternoon in voting against it.

The action of Council in passing the budget as reduced came somewhat as a surprise, following as it did the very strong protest made by citizens yesterday morning, at which time it appeared to some that the opposition to the budget as approved by the Health Department would yield to the wishes of those who were present and pass the appropriation without a decrease. While some few citizens spoken to last night about the matter were of the opinion that Council had acted wisely, the majority seemed to be emphatically of a different opinion, and there was considerable talk in some quarters of starting a movement for a recall of several members of Council.

Statements were made last night by several men in official life that there will most likely be further developments in the situation as it now stands, and one well posted man stated that the health work in the city and county will continue as formerly, though he vouchsafed no information as to what steps would be followed in insuring the continuation of the work.

As passed by Council the budget for the health department totals $13,060, as against $18,630, as recommended and approved by the Board of Health, a difference of $5,570. The items cut out include $1,800 for an assistant county health officer, $1,000 for an engineer, $840 for a chief of sanitary police; $840 for a fumigation officer, and $775 for one sanitary policeman. There was also a reduction in the amount provided for uniforms, from $350 to $200. A raise from $720 to $1,000 for the meat and milk inspector was disallowed.

In the budget as passed Council allowed $4,020 for five sanitary police, and the chief and fumigation officer must be included in this number if they are to be retained on the force.

Speeches were made by 14 different citizens at the meeting yesterday morning, each one voicing a strong protest against the proposed cut in the health appropriation and several declaring that they would be willing to pay a higher tax rate than to see the efficiency of the health work that is being carried on in Wilmington and New Hanover crippled because of a lack of funds. The inquiry was also made by a number of the speakers as to why the health budget was decreased, while practically every other department carried an increase in its budget this year.

"You are not our bosses," declared Mr. M. F. H. Gouverneur, one of those who protested against the decrease. "We elected you to office, and we expect you to carry out our wishes. You are our servants." Several of the other speakers also expressed their opinion to Council in no uncertain terms in regard to the matter.

Among those who made talks protesting against the course on which the majority faction of Council seemed to be determined were Dr. C. P. Bolles, a member of the Board of Health; Messrs. J. Allan Taylor, Geo. O. Gaylord, H. M. Chase, W. M. Cumming, D. J. Fergus, Z. W. Whitehead, D. N. Howes, Jr., Philander Pearsall, J. A. McNorton, G. T. Emmart, M. F. H. Gouverneur, Walter Blair and Chas. H. Huband. In addition, a number of other citizens were present who made no talks on the matter.

Following the speeches by the citizens, Councilman Chas. C. Loughlin, who has stood for the budget as approved by the Board of Health all the while, made a short talk, stating his position and urging his fellow members on the board to lay aside any personal feelings they might have in the matter and vote for the larger good of the community. He made a motion that the budget as approved by the Board of Health be passed, but it received no second. Councilman D. N. Chadwick, Jr., however, suggested that a conference be held in the afternoon, with Dr. C. W. Stiles, Dr. C. P. Bolles and Mr. J. Allan Taylor, and this suggestion was accepted, an adjournment being taken until 3:30 o'clock.

At this hour Council met again, Dr. Bolles and Mr. Taylor being present, though Dr. Stiles could not attend. During the discussion that ensued at this meeting, it was practically admitted by several of those supporting the decrease in the budget that Dr. Chas. T. Nesbitt, the county health officer, was the bone of contention in the matter, though Councilman W. F. Jones, one of the members who voted in favor of the reduced budget, disclaimed that he was moved by any such consideration. His position, he said, was based on the fact that 75 per cent of the citizens with whom he had talked about the matter had voiced strong opposition to two health officers, and thought that entirely too much money was being spent on health work. Furthermore, he said, several reputable physicians of the city had voluntarily told him that the present health board was inefficient.

Mr. Allen Taylor asked Mr. Jones how, if the present health board, working with seven sanitary officers, was inefficient, he expected to remedy things and make it more efficient by cutting the number of sanitary police down to five. To this question Mr. Jones made no reply, though Mayor P. Q. Moore pointedly asked him if he wished to answer Mr. Taylor's inquiry.

The other members favoring the reduction declared that they did so because they believed there was so much opposition to Dr. Nesbitt and his policies here by the majority of the citizens that they deemed it unwise to aid him in carrying out all his ideas. Councilman Merritt stated that if he could be convinced that two health officers were neded he would be only too glad to vote for the full appropriation, but that he did not believe that two men were needed. Councilman Wood voiced similar sentiments.

The discussion was a lengthy one, and Dr. Bolles and Mr. Taylor took the floor a number of times, pleading with the members of Council not to impair the efficiency of the health department for a matter of only $5,000, pointing out that one life saved from death from preventable disease would be more valuable to the community than the amount involved. They also pointed to the health work that the United States government and the Rockefeller Commission is doing in the county, pointing out that it was of immense value, and not costing the taxpayers one cent, and that if a disposition was shown on the part of the local officials not to support their own health department, the government and the Rockefeller Commission might be inclined to take their experiment work to a community where its value was more fully appreciated.

Councilmen Wood and Merritt, however, frankly stated that they could not see the matter in that light, and asked for a vote. Accordingly, Mayor Moore, after advising the members favoring the reduction that he believed they were making a grave mistake, put the question, Councilmen Merritt, Wood and Jones voting in favor of the reduced health budget and Councilmen Loughlin and Chadwick against it.

RESOLUTION BY MR. JONES

Member of Council Lands in Limelight With Charges That Press Gives Biased Accounts.

Referring again to the manner in which the local newspaper men handle the doings of City Council in their reports of the meetings of that body, a matter which he has complained of not infrequently heretofore, Councilman W. F. Jones presented at the close of a special meeting yesterday morning the following resolution, copies of which were provided, presumably for the press, and which, Mr. Jones stated, he would introduce for passage at the next meeting:

"Be it resolved by the council of the City of Wilmington;

"That, whereas, unauthorized individuals have frequently given the press information concerning the purported attitude of this body toward matters of public concern, which information is often incorrect and merely expresses the views of the persons furnishing such matter for publication, and,

"Whereas, this body has been recently reported in the press as favorably considering the advisability of further increasing the salaries of those holding important official positions, which matter has never been taken up or seriously considered, and recent issues of the local press has carried quotations from certain health officials, wherein this body has been incorrectly reported as favoring a reduction of the health budget merely for the purpose of removing the superintendent of health, all of which reports being entirely untrue, unfair to the members of this board and calculated to mislead citizens, and

"Whereas, the meetings of this board and the attitude of its members upon questions arising are either incorrectly reported, or omitted, to suit the personal feelings and tastes of those reporting, which often happens and is calculated to mislead citizens, to the injury of members of this body, therefore,

"Be it resolved, That in order to furnish the public with the correct proceedings of this board and the attitude of all of its members upon questions coming up for consideration, the stenographer in the office of the city clerk and treasurer is hereby directed to attend all meetings and sessions of this board, for the purpose of taking down correctly and verbatim the entire proceedings to be fully prepared by said stenographer and filed in the office of the city clerk and treasurer for public inspection."

PROGRAM OF VARIOUS SCHOOL COMMENCEMENTS.

All City Schools Will Close by End of Next Week.

The program of closing exercises in the various city schools was announced yesterday by Supt. John J. Blair and is follows:

High School—Thursday, June 4, 8:30 P. M.—Celebration of class day, high school campus.

Friday, June 5, 8:30 P. M.—Annual commencement, Academy of Music. Address by Mr. J. H. Bailey. Presentation of diplomas and Army Morris Bradley Scholarship medal. Presentation of German-American Alliance medal. - Awarding of scholar ships.

Union School—Tuesday, 10 A. M.—Boys' Declamation contest.

Wednesday, 10 A. M.—Girls' Declamation contest.

Friday, June 5, 10 A. M.—Presentation of high school certificates and distribution of promotion cards.

Isaac Bear Memorial School—Thursday, June 4, 9 A. M.—Children's entertainment. Presentation of picture by Daughters of Confederacy.

Williston School (colored)—Friday, May 29, 8:15 P. M.—Musical operetta, opera house.

Wednesday, June 3, 10 A. M.—Visitation day, exhibition of work.

Peabody School (colored)—Thursday, June 4, 11 A. M.—Closing exercises and awarding of certificates. Visitation day and sale of articles made by sewing class.

Wednesday, June 3, 10 A. M. to 12 M.

MR. S. F. HIGHSMITH NAMED.

Will be Special Deputy Collector of Customs Under Colonel Taylor.

It will be a pleasure for the many friends of Mr. S. F. Highsmith to know that he has been recommended to the Treasury Department by Col. Walker Taylor as special deputy collector of customs at the port of Wilmington, an advancement in the service that is altogether merited and pleasing to the Wilmington public. The position carries with it an increase of salary and Mr. Highsmith will represent the collector in all matters during the latter's absence.

All the position in the customs service at Wilmington are under civil service and Colonel Taylor was fortunate in having no changes to make in the excellent corps of assistants who served Mr. Keith's former administration.

WELL KNOWN ENGINEER DEAD

Thomas McMillian Died at Home in Rocky Mount Yesterday Afternoon—Funeral Here Today.

Mr. Thomas McMillian, well known, highly respected and one of the oldest engineers in point of service with the Atlantic Coast Line, died yesterday afternoon at 2:30 o'clock at his home in Rocky Mount. He had only been ill for about 24 hours and his condition only became serious yesterday when there developed an obstruction of the bowels. The remains will be brought to Wilmington this morning, arriving here at 10 o'clock, and will be taken to St. John's Episcopal church, where the funeral will be conducted by the rector, Rev. W. E. Cox, The interment will be in Oakdale cemetery.

The deceased was a son of the late F. A. and Elizabeth McMillian, of this city, and was in the 60th years of his age. His father was master mechanic of the old Wilmington & Weldon road and he served his apprenticeship in the shops here. When he was only 18 years old he took an engine and for more than 40 years was one of the most trusted engineers that the Coast Line had. For 25 years he had been running passenger trains and during that time never had a serious accident. He was devoted to his work and took particular pride in running his trains on time. It has for years been a saying on the line that if anybody could bring a train in on time it was Tom McMillian, as he was familiarly called by his associates and acquaintances.

He was an active member of the Brotherhood of Locomotive Engineers and was for years a delegate from the local organization to the annual meetings of the National body. He had been a member of St. John's Lodge of Masons since 1887. He was also a member of the Knights of Pythias and the Odd Fellows.

While he lived in Rocky Mount, his run for the last several years had been between that place and Wilmington. He had a host of friends at both places as well as throughout the State, who will be greatly grieved to learn of his death. He was widely known for his genial companionship and his optimistic outlook on life.

Surviving him are his wife and a young son, Thomas, Jr., and two sisters, Mrs. F. C. Bray and Miss Emma McMillian, of Rocky Mount. They will have the sincere sympathy of many friends in their bereavement.

The members of St. John's Lodge of Masons are requested to meet at the Masonic Temple this morning at 9:30 o'clock to attend the funeral as an escort. The interment will be with Masonic honors.

LAMBASTS LIQUOR TRAFFIC

Sam Small, Georgia Cyclone, Makes Address on Prohibition at the First Baptist Church.

Sam Small, the Georgia Cyclone, as he is termed, addressed a large audience of men and women at the First Baptist church last evening, and sailed into the liquor traffic with all the vigor that has characterized his other addresses in this State on this subject. He was introduced by Mayor Moore. He did not mince words in denouncing the traffic which he declared drags annually one young man out of every five in the United States to a drunkard's grave, and starts one daughter out of every seven to the scarlet pathway of shame.

He gave a clear and succinct review of the history of the passage of the Webb-Kenyon law by Congress regarding interstate shipments of liquor. He warmly eulogized Congressman Webb, of this State, whom he declared is one of the really big men of this country. He ventured the prophecy that in a few years constitutional prohibition throughout the United States will be a reality.

To substantiate his position he cited the fact that last year saloons were put out of business at the rate of one for every 24 minutes. There are now ten States that are dry and 12 that will be dry within a few months, he said. The whiskey interests have raised a fund of many million dollars to be used in an attempt to secure legislation that will be favorable to their interests, the speaker declared.

BIG BASEBALL GAMES AT SUNSET PARK TODAY.

Strong Boys' Brigade Team Will Meet Hefty Giants—Two Games.

A battle royal will begin this afternoon at 3 o'clock at Sunset park when the strong Boy's Brigade team meets the hefty Giants in what promises to be a most thrilling game of baseball. The Giants battde to a tie the W. L. I. team last Saturday and they are expected to show up well. With Bert Kite at the receiving end they seem to have taken on new life and go into the game today with the determination to win. Davis has in Shepard a phenomenal twirler and he will no doubt pitch today. From all reports the Boys Brigade are prepared to play the game of their life and will measure fully up to the standard of their opponents.

One of the biggest games of the season will be played at 5 o'clock when the lusty Y. M. C. A. boys meet the doughty W. L. I. aggregation. Reports have it that the Infantry boys have made special efforts to cop the game, not only by practicing several times this week, but in addition expect to have 150 rooters to furnish inspiration to help them break the Y. M. C. A. string of victories. Manager Watters has two good twirlers in Laughridge and Corbett. Corbett is a new man and will likely pitch today. In an extended interview with a Morning Star man yesterday Watters gave him to understand that he has the real stuff to keep them all guessing.

The Y. M. C. A. batters are somewhat crippled with Jones, the first sacker, out of the game with an injured knee and Captain Houston laid up with a sore arm, but Manager Seitters says he has some good substitutes who can do justice to these positions. "Pomp" Green, the spitball artist, and R. H. Bruni, the lightning speed twirler, are pitchers that can always be relied upon to dish-up balls that will keep the batters guessing.

The price of admission is 25 cents for adults and 10 cents for children. Ladies free.

BUDGET IS ADOPTED BY THE CITY COUNCIL

Formal Action on Appropriations Taken Yesterday.

Total Amount Carried is $288,944, An Increase of $12,526 Over Last Year's Budget—Firemen Got Desired Increase.

Carrying a total appropriation of $288,944, the budget for the approaching fiscal year was formally adopted by City Council yesterday, all items save the appropriation for the health department having been passed at the special meeting yesterday morning, and the health budget was adopted as revised and lowered by council at another special meeting yesterday afternoon.

This year's budget exceeds that of last year by the sum of $12,526, a little over half of which goes for the purchase of new equipment for the different departments, including an auto police patrol; a new pump for the fire boat and a street flusher to be used in cleaning the paved streets. Other items included in the amount are to cover increased salaries for the members of the fire department, members of the street cleaning force, the chief of the fire department, the superintendent of streets, suprintendent of water and sewerage and a number of other employes in the different departments, also an increase of $2,000 in the appropriation for the James Walker Memorial hospital.

The increase in the salaries of the members of the fire department as it now stands was decided upon at a conference behind closed doors yesterday morning, when following strong protests from the members of the fire department council reconsidered its action in granting an average increase of only $2.50 per month and raised it so as to average $5 a month. The minimum salary was fixed at $60 a month and the maximum at $70 a month, graduated according to the old scale. Chief Charles Schnibben also gets an increase of from $1,550 to $1,800 a year and the assistant chief gets an increase of about $48 a year.

While nothing was mentioned as to what took place at the conference, it was freely talked outside the meeting that a letter had been written to council by the firemen, which was described by one who saw it as being warm, to say the least. It was also stated that the firemen had practically informed the council that if the increase they asked for was not given they would not continue their services in the department. It was stated by several of the firemen after the conference, however, that they were completely satisfied with the increase granted.

Council also passed a resolution yesterday providing that the city take over the management of the incinerator, provided such action met with the approval and consent of the Board of County Commissioners, and authorizing the clerk to present to the commissioners at the end of each month an itemized statement of the cost of operating the plant for the month, together with bill for one-fifth part of the cost, the amount which the county has contributed to the maintenance and operation of the incinerator under the agreement previously existing.

The amounts carried in the budget however, do not include provision for outstanding indebtedness due the coming fiscal year, and taken with this amount, the total to be met during the year will run into the neighborhood of $320,000, it was stated.

The budget in detail, as adopted yesterday, is as follows:

General Expense Account— Salaries: Mayor $2,500; Mayor's clerk, $720; Councilmen $3,000; clerk and treasurer, $2,100; tax collector, $1,800; attorney, $1,000; engineer, $2,400; assistant engineer, $1,200; rodman, $720; stenographer, $840; janitor, $900; license inspector, $1,000; Total, $18,180. Fuel, lights, etc., $700; audit of books, $300; mayor's charity fund, $300; tax listing, $500; elections, $750; library, $1,800; repairs, City Hall, $300; furniture and fixtures, $500; insurance, $1,000; stationery and incidental, $1,500. Total, $25,830.

Police— Salaries: Chief, $1,800; captain, $1,140; sergeants (3), $3,075; private (32), $23,561; substitutes (as needed), $1,475; driver, $820. Total, $31,871. Detectives $500; uniforms, $1,700; military, $600; electrical inspector, $100; new equipment, $500; keep of teams, $2,000; repairs, equipment, $150; fuel, lights, $300; incidentals, $500. Total $38,222. Auto patrol wagon $3,200.

Fire—Salaries: Chief, $1,800; assistant chief $1,200; engineer $1,060; superintendent fire alarm $1,060; foremen (3), $3,000; captain of boat, $1,000; assistant foremen (6) $72.50 each per month, $5,400; chauffeurs (3), $70 per month each $2,700; firemen (18), $14.500. LARGEST Capital Surplus Deposits Resources OF NORTH CAROLINA SAVINGS BANKS.

OLDEST BANK IN WILMINGTON.

NEW HOTEL OPENS JULY 1ST

The Wilmington Will be Name of Handsome Hostelry Being Built by Mr. T. A. Green.

The Hotel Wilmington is the name that has been selected by Mr. T. A. Green for the handsome new hotel which he is building at the corner of Front and Walnut streets and which will open for business about July 1. Mr. Green had expected to call it the Cape Fear hotel, but recently decided to change the name. Seven stories of the structure, which is absolutely fireproof, have been completed with the exception of the installation of the fixtures. The other three or four stories will be added later.

Workmen are now busy putting on the finishing touches to the interior. The elevator which is one of the latest Otis models has been installed and is now in operation.

The furnishings will all be of the best that money can buy. The windows are of plate glass and the doors of mahogany stained birch. The first floor will be of marble tiling that presents a pretty effect.

On the first floor will be the lobby, dining room, cafe and lunch counter, each of these being in separate rooms. Mr. Green stated yesterday that he had not yet decided whether he would run it on the American or European plan.

Mr. C. Gresham, of Spartanburg, S. C., who has had many years of experience in the hotel business, will have charge of the hotel, and will arrive about June 15 to get things in readiness for the opening. He is now in charge of a string of hotels in the South, but will give his personal attention to The Wilmington.

There will be 110 rooms in the first seven floors. The structure when completed will represent an outlay of approximately $150,000 and will be one of the largest buildings in the city.

FUNERAL OF MR. ELLSWORTH.

Held Yesterday Afternoon From Wallace Presbyterian Church.

The funeral of Mr. Chas. Norman Ellsworth, son of Mr. and Mrs. Chas. C. Ellsworth, who lost his life by drowning at Culebra, Canal Zone, May 6, was held yesterday afternoon at Wallace. The remains arrived there from New York during the afternoon, and the services were held at 4 o'clock from the Wallace Presbyterian church. Rev. W. M. P. Currie conducted the services and interment was in the Rockfish cemetery.

The funeral was largely attended by the people of Wallace, as well as many friends and relatives who went up from Wilmington. Many handsome floral wreaths covered the grave, one particularly handsome design, gates adjar and a standing wreath, having been sent by the deceased's co-workers in the Canal Zone.

The pallbearers were as follows: Messrs. Oliver Westbrook, R. S. Sloan, L. L. Mallard, Thomas Boney, Tarr Southerland and Jeremiah Southerland.

Postoffice Hours Today.

The postoffice will observe the following hours today, this being a legal holiday: General delivery window will be open from 11 A. M. to 12 M. and from 7 P. M. to 8 P. M. Stamp and parcel post windows from 11 A. M. to 12 M., and from 5 to 6 P. M. Letter carriers will make one delivery and one collection.

LUMINA WILL OPEN SATURDAY, JUNE SIX.

First Dance at Popular Pavilion One Week From Tonight.

Lumina, the pleasure palace of Wrightsville Beach, will open formally for the season Saturday night, June 6, at which time Don Richardson's orchestra will play for the first of the regular dances. Announcement to this effect was made yesterday by the Tidewater Power company.

Mr. Richardson and the members of his orchestra will arrive in time to play for the opening dance. Mr. Winfield West and Miss Chandler, who have been ngaged by the Tidewater to give instructions in the modern dances, and to have general supervision of the dancing features at Lumina, will also be present for the opening.

This will be the first season that the modern dances have been allowed at Lumina, a ban having been placed upon them heretofore. The young people of the city are looking forward to the season this year with an added anticipation in view of this fact.

A number of improvements have been made at Lumina this year, and the outlook is for a most enjoyable and successful season.

Funeral of Mrs. Matthews.

The funeral of Mrs. A. H. Mathews, whose death occurred at Harper's sanitarium Tuesday night after an operation, will be held from the residence, No. 115 Wooster street, this morning at 10 o'clock. The services will be conducted by Rev. W. G. Hall, pastor of Southside Baptist church. The interment will be in the family burying ground at Farmer's. The remains will be taken to that place this afternoon.

Pepsi Cola is lasting in its effect. Quenches thirst—stops it—doesn't make you thirsty, because it is made of thirst-quenching ingredients and flavored with delicious and rare citrus fruits. Just enough sugar to make everyone like it, and not a bit too sweet.

Pepsi Cola pleases—refreshes—nourishes. Anybody can drink it and feel better. It's pure. Builds up body and mind. It's food—it's pleasure—it's vacation for the tired man or woman. YOU ought to drink Pepsi Cola, morning, noon and night. It will cool your blood—quicken your brain. No other flavor as good. Aren't you thirsty now?

At any soda fountain or carbonated in bottles, five cents.

WISHED SHE COULD DIE

And Be Free From Her Troubles, but Finds Better Way.

Columbia, Tenn.—"Many a time," says Mrs. Jessie Sharp, of this place, "I wished I would die and be relieved of my suffering, from womanly troubles. I could not get up, without pulling at something to help me, and stayed in bed most of the time. I could not do my housework.

The least amount of work tired me out. My head would swim, and I would tremble for an hour or more. Finally, I took Cardui, the woman's tonic, and I am not bothered with pains any more, and I don't have to go to bed. In fact, I am sound and well of all my troubles."

Cardui goes to all the weak spots and helps to make them strong. It acts with nature—not against her. It is for the tired, nervous, irritable women, who feel as if everything were wrong, and need something to quiet their nerves and strengthen the worn-out system.

If you are a woman, suffering from any of the numerous symptoms of womanly trouble, take Cardui. It will help you. At all druggists.

Write to: Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for *Special Instructions* on your case and 64-page book, "Home Treatment for Women," in plain wrapper. N.C. 122

Malaria or Chills & Fever

Prescription No. 666 is prepared especially for MALARIA or CHILLS & FEVER. Five or six doses will break any case, and if taken then as a tonic the Fever will not return. It acts on the liver better than Calomel and does not gripe or sicken. 25c

SOCIAL and PERSONAL

Mr. A. B. Skelding and family have moved to their summer home at Wrightsville Beach.

* * *

Messrs. W. R. Hay and L. D. Porter have moved to Wrightsville Beach for the summer.

* * *

Mr. and Mrs. T. A. Emerson returned last night from a trip of two weeks to Washington and New York.

* * *

Mrs. H. C. Garrison returned yesterday to Greensboro, after a visit to her parents, Mr. and Mrs. R. L. Sanford.

* * *

Miss Lina Pratt, who has been a student the past year at the Southern Presbyterian college at Red Springs, has returned home to spend the vacation.

* * *

Mrs. A. L. Mills and children returned to their home at Greenville, S. C., yesterday afternoon after spending sometime here with Mrs. Mills' mother, Mrs. Roger Moore. They were accompanied by Mrs. Moore, who will spend several weeks with them.

* * *

Friends of Mrs. E. H. Pigford, of Teachey's, N. C., will regret to know that it has been necessary for her to come to Wilmington for an operation which has been performed at Harper's sanitarium. They will be glad to know, however, that Mrs. Pigford is doing very well indeed, according to reports from the sanitarium last night.

* * *

Invitations have been received by friends, reading:

Mrs. Joseph Conway Goodwin
requests the pleasure of your company
at the wedding reception of her
daughter
Mary
and
Mr. Charles Spears Hicks
on the evening of Wednesday the
tenth of June
from eight until ten o'clock
at Home
Dunn, North Carolina.

* * *

An enjoyable entertainment was given yesterday at the home of Mrs. W. M. Branner, No. 104 North Tenth street, which was attended by a number of friends. Among those present were Misses Nell Greene, Gladys Hardin, Elsie Branner, Dorothy Greene, Helen Yourie, Mabel Yourie, Lottie Wells, Thelma Hardin and Messrs. E. Dement, A. Smith, J. C. Abernethy, N. Turner, J. L. Branner, E. F. Branner, S. S. Branner, L. W. Tindall and A. Beach.

* * *

SENIORS ENTERTAINED BY ALUMNI ASSOCIATION.

The senior class of the High School together with the faculty and the principals of the grammar schools of the city, were the guests of the Alumni Association last evening at an enjoyable dance which was given at Lumina. The party of over a hundred people left the city at 8:30 o'clock in a special car and returned soon after midnight.

The usual senior stunt was pulled off amid much merriment after which came the grand march in which there were many fancy figures. Then came other dancing after which refreshments were served. It was a most pleasant occasion and greatly enjoyed by all.

JUDICIAL CONVENTION TODAY AT COURT HOUSE.

Judge Rountree and Solicitor Lyon Will be Re-Nominated.

The Democratic convention for the Eighth Judicial district, embracing the counties of New Hanover, Brunswick, Pender and Columbus, will be held in the court house here today at noon for the purpose of nominating candidates for the judgeship and solicitorship of the district. Judge George Rountree, of this city, and Solicitor Homer L. Llyon, of Whiteville, the incumbents, both of whom have made splendid records, have no opposition, and their nomination is a foregone conclusion.

The New Hanover delegation to the convention was appointed by Chairman Jos. W. Little, of the Democratic Executive Committee several days ago, and the delegations from the other counties have also been appointed. The meeting will hardly be a lengthy one.

NEGRO SHOT SISTER.

Dave Suggs Inflicted Serious Wound—Made His Escape.

While holding his sister with one hand, Dave Suggs, colored, yesterday afternoon shot her in the head, inflicting a serious wound, near their home on Wrightsville Sound. He ran away and she was brought to the James alker Memorial hospital to have the wound dressed. She was able later to return home.

Sheriff Cowan was notified and last night, accompanied by Mr. H. Mack Godwin and Constable Davis, made a thorough search in the vicinity of the shooting but was unable to locate the negro. He will make another effort today to find him. From those living near he learned that the wound would undoubtedly have been fatal had the pistol not been so near. The bullet glanced up the skull, making only a flesh wound.

COLORED SCHOOL CLOSES.

Commencement Exercises of Williston Colored School Last Night.

The closing exercises of Williston colored graded school were held in the Academy of Music last night and a most interesting programme was rendered by the children. There was a large crowd present. The feature of the occasion was the rendition of the operetta, "The Whole Year Round", by the members of the third to seventh grades, inclusive. There were more than 100 voices in the chorus and they showed that they had received splendid training.

While the commencement exercises were held last night, the school will continue in session for another week. The visitation day will be on Wednesday when the work done by the children will be shown. Prof. T. J. Bulluck is the principal of the school and had charge of the exercises last night.

Before the Recorder.

Probable cause was found yesterday by the Recorder in the case against Eddie Martin, colored, charged with burglary, and he will be tried at the next term of Superior Court. He was sent to jail without bond. It is charged that he entered the home of Mr. James Howard. A capias was ordered issued in the case of Dandy Johnson, colored, charged with violating the sanitary laws. A case against W. J. Spencer, colored, charged with larceny, was continued until June 1st. In default of $100 bond he went to jail.

Church Directory

Immanuel Presbyterian church, corner Front and Queen streets, Rev. J. S. Crowley, pastor—Services tomorrow at 11 A. M. and 8 P. M. Sunday school at 3 P. M. The public is cordially invited to attend.

Rev. J. S. Crowley, pastor of Immanuel Presbyterian church, will preach at South Wilmington school house tomorrow afternoon at 3:30 o'clock.

Trip to Sea Tomorrow.

The steamer Wilmington will make tomorrow one of her usual delightful trips to the Blackfish rocks and to the sea. The boat will touch at Carolina Beach going and coming. She will leave her wharf at the foot of Princess street at 9:30 o'clock. The fare for the round trip to the sea will be 50 cents and to Carolina Beach 25 cents.

Trying Out New Lights.

Tidewater Power Company workmen were busy yesterday removing the old street lights on Front, between Princess and Chesnut, and installing a new arch light which the company will try out on this block. If they prove satisfactory these lights may be installed all over the business district.

GOVERNMENT CLOSES NAVAL STORES CASE

Defense Opens Its Case in Savannah Trial.

Officers of Suspended American Naval Stores Company on Trial for Conspiracy Against the Government—Evidence.

Savannah, May 29.—The case of the government against E. S. Nash, S. P. Shotter, J. F. C. Myers and Carl Moeller, officers of the suspended American Naval Stores company who are charged with conspiring to monopolize the naval stores trade, was closed in the Federal District court here today.

George M. Boardman, former treasurer of the Naval Stores company, was the chief witness for the government today. He was originally included in the list of indicted officers, but the case against him was nol prossed recently.

Copies of letters which passed between Mr. Boardman and other officials of the company were introduced tending to show the government claimed that the treasurer had resigned as a result of disputes growing out of the alleged practice of regrading naval stores by the company.

Testimony was offered indicating that the differences between Mr. Boardman and Mr. Shotter became so acute that the treasurer resigned, but finally consented to withdraw his resignation until after the annual meeting of the company on the promise of officials that the alleged practice of regrading would be stopped.

Other witnesses examined for the government were Charles Lilly, of California, and N. V. Graves, of Philadelphia. The government then rested its case and the defense called Mr. Moeller, one of the defendants, as its first witness. He denied the alleged practice of regrading.

NORTHERN ASSEMBLY IN CLOSING SESSION

Plea for Raising Ban on Sunday Games is Heard.

Would Allow Working Men to Have Recreation—Would Bar Only Those Commercialized—Other Matters Presented.

Chicago, May 29.—At the closing session of the 126th General Assembly of the Presbyterian Church, U. S. A. (Northern) here today, Rev. William A. Kinter, of Ambridge, Pa., read the annual narrative of the church. This showed that 48,618 additions during the last year have increased the membership to 1,446,490 and that $27,122,365 was expended for all purposes of the church during the 12 months.

The judicial committee recommended that Rev. Percival H. Barker, of Newark, N. J., who was deposed from the ministry by the Presbytery of Neosha, Kas., on charges impugning his veracity, be restored for the reason that he had been convicted on insuffi-

(Continued on Page Eight.)

THEATRICAL

Today offers Wilmington folks the last chance to see the present big show at the Victoria. It offers the final chance to see a star vaudeville bill before the Victoria makes its debut with musical comedy.

The act of Marconi Brothers, known as wireless musicians, is worth the price of admission. The rousing comedy playlet, "Sal's Visit" offered by Lavine and Inman, is another big hit. There is still another clever play in "Just Married," which those jolly sketchists, Jenkins and Covert, are staging. Nita Allen, the well known comedienne, is also a star and is immensely pleasing. The new films are the pick of the best, while the programme being presented by the crack Victoria orchestra is superb.

Commencing Monday, the Victoria will open a season of tabloid musical comedy, and such will be presented by only recognized companies. There will be nothing cheap about the shows, but everything will be first class, according to the high standard set directly on the start by this handsome and up-to-the-second theatre. The tabloid musical comedy is introduced to furnish Victoria-goers, whose name is legion, with a pleasant diversion and give them something breezy, though at all times refined, for the summer months. Therefore, beginning with Monday, songs and dances by a bevy of pretty girlies will bubble over at the Victoria.

Big Day at Bijou.

And still they come! There really seems no end of the big movie features that are being procured by the enterprising Bijou management, and each day brings its new surprise. It's costing them big money, but so long as the thousands of patrons of the popular photoplay house are so enthusiastic over them, the management has no kick coming.

Today they take pleasure in presenting as a headliner a mammoth two-reel Imp drama, "Beneath the Mask." Is there romance in America? Among the nations of the world America is perhaps the most prosaic and practical; on the other hand, many assert that there is no place where love finds its level so quickly and easily. In "Beneath the Mask" you have a romance of today—a romance located in an American metropolis. Ethel Grandin is featured in the title role. It is a big human-interest story wherein a girl of society is suddenly thrust into poverty, only to be lifted out again by an American gentleman, who, while being rich, cares naught for her position, loving her for herself alone.

Then there comes a big Powers drama, brand new release, "Stolen Glory," in which a person, believed to be dead, turns up to claim a play which he wrote before his supposed demise. It is a corker, believe us.

Then—prepare yourself for a surprise—there comes a third big drama, "A Decree of Justice" that is an attention holder, a thriller, a winner, from beginning to end.

Saturday at the Grand.

Every day is a big one at the popular, fascinating, ever-cool Grand theatre—the people's favorite amusement palace—but Saturday always seems to be bigger and brighter. The theatre has prepared a royal feast of fine viands, in the way of the latest and best films, and will serve them up in its usual dainty, stylish and unsurpassable way.

Of course, a two-reel special heads the list. Today's will be Pathe's greatest and freshest, "The Greater Love," and each of the two reels hums with intense interest and thrills. It is the story of the seacoast, with the particular scene around a lighthouse on the cliff. There, tired waiting for the sailor she had promised to wed, Mary marries another. Then the old lover returns, complications ensue and thrilling incident after thrilling incident flashes on the big screen at the Grand. Yet all ends happily.

The Vitagraph also makes a big offering today in "The Little Sheriff", and it is one of the best of all screen triumphs, with George C. Stanley playing the role of the sheriff and clever little Buddy Harriss in the part of "Buddy", the sheriff's son. Myrtle Gonzales and George A. Holt are also in the cast.

And there's a great fun picture for today in the Biograph's "When a Woman Guides." It is a political story that is a big laugh.

PEOPLE HOPING FOR RAIN

Light Showers Reported Yesterday From Several Points in the Wilmington District.

Bearing in mind the prediction from Washington last Saturday that the southeastern section of the country might be favored with rain toward the end of the week, the residents of this section are looking forward to today and tomorrow in the hope that the prolonged drought will be brought to an end.

"Cloudy Saturday and Sunday," was as near as last night's weather forecast could come to giving them any assurance that their hopes might be realized, and clouds were even then banked up in the skies in this section, and had been all day yesterday. But no rain fell here and the dry, parching continued fearfully oppressive.

For over six weeks now, hardly more than .80 of an inch of rain has fallen here, and daily the conditions are growing more desperate. Crops of all kinds have already suffered great damage, and if the dry spell continues for much longer the farmers and truckers of the Eastern Carolina belt will suffer heavy losses.

The Cotton Region bulletin for the 24 hours ended at 8 o'clock yesterday morning, issued by the weather bureau, shows that a light shower occurred at Weldon, N. C., but showers are unofficially reported from other sections, notably Laurinburg, N. C., Hamlet and Matthews, N. C., while a slight rain fell in portions of this county. Local rains have fallen in the Houston, Little Rock, New Orleans and Vicksburg districts, 3.60 inches having occurred at Houston.

High temperatures were reported from all points in the Wilmington district, Wilmington station reporting the lowest maximum—91 degrees. Charlotte reported 96; Cheraw, S. C., 100; Florence and Goldsboro, 98; Greensboro, 99; Lumberton, 101; Newbern, 98; Raleigh, 98, and Weldon, 91. The average for the district was 97.3 degrees.

—Mr. James F. Craig has returned from Fletcher, N. C., where he was a student in the Naples Agricultural school the past year.

MORGAN, ROCKEFELLER AND MORSE MAY TESTIFY IN NEW HAVEN PROBE

1·J·P·MORGAN·· 2·WILLIAM ROCKEFELLER·3·CHARLES W·MORSE

Washington, May 28.—When the Interstate Commerce Commission resumes its taking of testimony in the inquiry into the affairs of the New Haven railroad on June 3 it is considered sure that subpoenas will be issued for J. P. Morgan, William Rockefeller and Charles W. Morse. All these prominent financiers have been brought into the investigation by Charles S. Mellen, former president of the road. It is not thought that Colonel Roosevelt will be asked to testify. The inquiry has stirred up interest throughout the country. It will befollowed by other railroad exposures, including the financiering of theRock Island.

PERSONAL PARAGRAPHS

—Mr. J. D. Hedrick, Sr., has gone to New York on a business trip of ten days.

—Mr. R. W. McKeithan, of Supply, was a business visitor in the city yesterday.

—Mr. John C. Freimuth, a popular young Wilmingtonian who has just completed his junior year at Mt. Pleasant seminary, Mt. Pleasant, N. C., returned home yesterday morning to spend his vacation at the home of his parents, Mr. and Mrs. Louis Freimuth.

LOCAL DOTS.

—Judgment was suspended upon payment of the costs by Justice Bornemann in two cases against Sarah Nixon and Mary Graham, both colored, charged with engageing in an affray.

—Taylor Clifton, the old man who deserted the Currie house at Carolina Beach, who is charged with conspiring with the Hanover Transit Company, to violate the law, was arraigned before Justice Harriss yesterday. The case was continued until Tuesday.

—Mary Moore, an old white woman, was tried before Justice Harriss yesterday morning on a charge of keeping an assignation house. She was found guilty and fined $50, which she was unable to pay. The sentence was then changed to 30 days on the farm and later changed again to suspended judgment upon condition that she leave the city for a period of two years.

WITTE CASE TO JURY.

No Verdict at Late Hour Last Night—Motion Docket.

At a late hour last night the jury in the case of Sarah C. Witte, administratrix, against the Atlantic Coast Line and the Schloss-Bear-Davis company, an action for $50,000 for alleged damages for the death of her father, killed a year ago by a runaway team, had not agreed as to a verdict. The case was given to them about 5 o'clock yesterday afternoon. After Judge Cooke had charged the jury the motion docket was taken up and a number of orders made.

Practically the entire day yesterday was taken up with the argument of counsel in the Witte case. Judge Bryan was first to speak for the plaintiff and was followed by Thos. W. Davis, Esq., for the Atlantic Coast Line. The last speech was made by Herbert McClammy, Esq., attorney for Schloss-Bear-Davis company.

BIBLE LECTURE SUNDAY.

Will be Given at Victoria Theatre Under Auspices of I. B. S. A.

"Paradise Lost, Paradise Regained" will be the topic of a Bible discourse by Pastor W. J. Thorn, of New York, at the Victoria Theatre, corner Second and Market streets, tomorrow night at 8 o'clock. This is Mr. Thorn's first visit to the city, and he comes highly recommended as an able exponent of the scriptures.

The subject to be discussed is one of much interest and timely importance. There will be no collections taken and all seats will be free. Everybody will be welcomed.

COTTON MARKET UNSETTLED

As a Result of Heavy Realizing Promoted by Tendency to Take Profits Over Holiday.

New York, May 29.—The cotton market was unsettled today as a result of heavy general realizing which was doubtless promoted by the tendency to take profits for over the holiday and the government's crop report on Monday. Weather conditions showed no improvement, however, and offerings were absorbed by the covering of recent sellers of fresh buying with the market closing steady at a net loss of 7 to 18 points.

Cables were lower than due, while the showing of the early weather map encouraged private predictions of clearing conditions in the southwest over Sunday. Private crop reports issued before the opening made rather a more favorable showing than the figures published earlier in the week and this also probably inspired some of the heavy early offerings.

The market opened at a decline of 20 points on June and 9 to 15 points on later months. Liverpool was a heavy seller here presumably against purchases in the English market but offerings were well taken around the initial decline and prices rallied some 5 or 6 points from the lowest. May, in fact, recovered from the opening decline to last night closing price and went out at midday still commanding a premium of more than 100 points over July. The balance of the list met continued heavy southern and local realizing, however, and at one time during the afternoon ruled about 16 to 20 points under yesterday's closing figures. Later rallies were attributed to bad weather reports from the southwest and covering by early sellers for a reaction.

Three private condition reports were issued, one making the condition of the crop 78.2; another 77.5, and the third 75.6. The government report to be issued at noon on Monday compared with a condition of 79.1 last year, and a ten year one of 80.4 per cent.

Spot, quiet. Middling uplands, 13.75; gulf, 14.00; no sales.

Futures closed steady.

DUN'S BUSINESS REVIEW.

New York, May 28.—Dun's Review tomorrow will say:

A period of continuous warm weather has had a beneficial effect upon practically all commercial lines, and is tending to offset the earlier handicap of a backward Spring.

The movement of seasonable goods, both at wholesale and retail, shows encouraging increase and most reports indicate that confidence is gaining strength. Low merchandise stocks at distributing centers, cheap money and the favorable crop outlook are chief factors operating to create more cheerful sentiment regarding the future.

As yet, the usual statistical comparisons do not reflect the current business improvement, gross earnings of railroads making returns for three weeks of May 7.4 per cent. less than last year, while bank clearings this week were 5.6 per cent. smaller.

LIVERPOOL COTTON MARKET.

Liverpool, May 29.—Spot, easier; good middling, 8.32; middling, 7.70; low middling 7.22; sales, 10,000.

Call money, firmer, 1¾@2; ruling rate, 1¾; closing bid, 1⅞@2. Time loans, firmer; sixty and ninety days, 2½; six months, 3¼.

WEEKLY COTTON REVIEW

There Has Been an Excited Advance in Market During Past Week. Good Demand.

New York, May 29.—There has been an excited advance in the cotton market during the past week with all positions making new grounds and a broadening speculative demand. May contracts sold as high as 14.45 before final, or 14.75 per bale above the recent low record, while December advanced to 12.88.

The upward movement has undoubtedly reflected a scare over the new crop outlook, owing to continued wet weather in the Southwest, while there have also been many complaints of droughty conditions, or low night temperatures east of the Mississippi river and apprehension of a short yield would seem to have developed coincidentally with increasing confidence in continued large world's requirements. Realizing was very heavy above the 12 1-2c level and became active enough to cause reactions of some 20 to 27 points from the best toward the end of the week, when part of the heavy selling was probably in the way of realizing for over the holiday tomorrow and the government report which is expected at noon on Monday.

Private condition reports have shown a considerable divergence of opinion, but all of them have been under last year's and the official ten-year average of 80.4 per cent, while advices from the Southwest have indicated unfavorable conditions since the data for the government report was sent to Washington last Monday, and complaints from the Eastern belt have recently been more numerous.

The talk in some quarters, however, has indicated expectations of a rapid improvement in Eastern belt crop prospects should the weather improve in the near future and there has probably been some selling on that theory as well as on an idea that the advance had checked trade demand and had been sfficient to discount a low June bureau.

NEW YORK PRODUCE MARKET.

New York, May 29.—Sugar, raw, steady; molasses sugar, 2.74; centrifugal, 3.39; refined, steady.

Butter—Firm.

Cheese—Firm.

Cofffee—Spot, steady; Rio, No. 7, 9⅛; Santos, No. 4, 12; mild, quiet; Cordova, 12½@16, nominal.

Cotton Seed Oil—Easy today; final prices showing a net loss of 2 to 7 points for leading months. Liquidation was quite general the result of the decline in lard, liberal tenders on contract and lack of consuming demand. Sales, 20,900 barrels; tenders, 2,500 barrels. The market closed firm. Spot, 7.05@7.17; June, 7.13@7.14; July, 7.17@7.18; August, 7.29@7.31; September, 7.38@7.39; October, 7.20@7.22; November, 6.85@6.90; December, 6.78@6.85; January, 6.70@6.90.

Total sales, 21,000.

STOCKS WERE FAIRLY STEADY

Market Moved in Same Narrow Groove Followed All the Week—Diminishing Volume.

New York, May 29.—On a diminishing volume of operations, today's stock market moved in the same narrow groove which characterized the preceding sessions of an uneventful week. Any initiative was nullified by the aproaching holiday. Closing prices were fairly steady with the exception of New Haven, which developed weakness.

Missouri Pacific issues were watched with unusual interest because of the aproach of the time for definite action in connection with the $25,000,000 note issue. The movement of these securities pointed strongly to a satisfactory arrangement.

Canadian Pacific was not severely affected by news of the catastrophe to one of its steamships, but Baltimore & Ohio and New York Central were under pressure, while St. Paul dropped at times on the new financing under negotiation by the company.

Early selling of Unietd States Steel was traceable to offerings by London.

Local banks made an actual cash loss of about $4,400,000 for the week, with a reserve decrease of about $2,000,000. Money continued so abundant that a 40-day loan at 2 per cent was reported.

The bond market was irregular, except for Missouri Pacific, it advancing two points. Virgina debt certificates rose four points. Total sales of bonds, par value, $1,640,000. United States registered 4s gained 1-2c on call for the week.

CHICAGO GRAIN MARKET.

Chicago, May 29.—Instead of short sellers of wheat being subjected to a squeeze which had been predicted today in the final settlements at the end of the crop year, the big firm that was in a position to twist prices upward went to unusual lengths to raise difficulties for wheat dealers, and itself was caught short in corn.

Corn closed for May at an advance of 3¼, compared with last night, but otherwise virtually was unchanged.

Wheat finished ⅛ to ¼@⅜ c.net lower; oats, 1½c. down to ¼c. up, and provisions 10c. off to a shade advance.

Wheat—May, 99; July, 86¾.

Corn—May, 74; July, 67¾.

Oats—May, 39; July, 39⅝.

Pork—July, 19.72; September, 19.62.

"LANGLEY'S FOLLY" HAS PROVEN SUCCESSFUL

Flying Machine Built Years Ago Made to Fly.

Theory of Dr. Samuel Pierrepont Langley, Now Deceased, is Vindicated—Probably First Air Craft of Type Built.

Elmira, N. Y., May 29.—The theory of Dr. Samuel Pierrepont Langley, who proclaimed to the world that he had solved the problem of the air several years before the upper elements had been successfully navigated by a heavier than air machine, was vindicated at Hammondsport today, when Glenn Curtiss, the aviator, went aloft in "Langley's Folly."

The crude flying machine, which fell into the Potomac river when Dr. Langley, its inventor, attempted to fly in it, and which later was consigned to the Smithsonian Institution at Washington, had every requisite for flight, and remained in the air long enough to demonstrate the practical mind of its maker, who had been ridiculed by his incredulous contemporaries.

The old relic was wheeled from its hangar early today, the pilot immediately climbed into the seat, and got away under much the same conditions as would prevail in a flight of the latest model aeroplane. The flight was a short one.

The Langley machine but little resembles the trim and powerful flyers of today, but in its crude state it combines the basic principles of aviation, and after many years of neglect the "Old Junk" came into its own, giving its inventor his deserved place among the recognized pioneers of aviation.

BECKER SENTENCED TO DIE FOR SECOND TIME

Execution During Week Beginning July Sixth.

Condemned Man Returns to the Sing Sing Prison Death House to Await Death for Murder of Herman Rosenthal.

New York, May 29.—Charles Becker today was sentenced to die in the electric chair at Sing Sing prison during the week beginning July 6th for the murder of Herman Rosenthal.

When he received the sentence Becker appeared calm. He ventured to friends in the court room and smiled.

The prisoner was taken to the sheriff's office and allowed five minutes with his wife. Prior to the passing of sentence Martin P. Manton, Becker's lawyer, cited ten reasons why the death sentence should not be pronounced.

He said that an appeal would be filed next Monday. This will act as a stay of execution and a year may elapse before the court of appeals hands down its decision.

Becker was taken to Sing Sing by automobile in the custody of six deputy sheriffs.

Back to Death House.

Ossining, N. Y., May 29.—Charles E. Becker today for the second time passed into the Sing Sing prison death house to await death for instigating the murder of Herman Rosenthal.

Becker's cell faces that occupied by Hans Schmidt, who murdered Anna Aumuller in New York. The discredited priest greeted Becker, but none of the 17 occupants of the death house spoke.

As Warden Clancy left him, Becker remarked: "The death house doesn't look like the old place, warden. The new coat of paint makes it look fine."

FIRE AT ELIZABETHTOWN DESTROYS SIX BUILDINGS.

Scarcity of Water Makes Efforts of Fire Fighters Useless.

(Special Star Correspondence.)

Elizabethtown, N. C., May 29.—Fire originating above the ceiling of the Cape Fear Drug Company's store destroyed six buildings here this morning in less than two hours. But for the heroic efforts of the town people and the timely arrival at the fire of Mr. W. J. Smith, foreman of the Brown Manufacturing Co., with his chemical fire apparatus, other property would have been lost. The dryness of things and the scarcity of water rendered fire-fighting useless and only the efforts to save the contents of the buildings were worth while.

Spreading from the drug store next was the Rinaldi brick store building which was occupied by C. F. Melvin & Co., dry goods and groceries; A. E. Can, general merchandise, on the ground floor. Four rooms upstairs were occupied by E. F. McCulloch, Jr., attorney, and Lyon & Lyon, attorneys. Eating its way through this, it went to Mrs. J. R. Shepherd's, a wooden building occupied by R. D. Smith Furniture Co. Heroic efforts were made to stop it here, btu it was beyond control and leaped ton another building owned by Mrs. J. R. Shepherd, and occupied by G. T. Sheridan, beef and fish market; then to the kitchen and dining room of "Aunt" Abby Gill, an old colored woman. Here the aid of the chemical fire apparatus came in and the fire was stopped.

The drug store building was owned by Mrs. Bettie M. Love, of White Lake, and was practically covered by insurance. The Rinaldi brick building was owned jointly by Mrs. A. O. Cumming and A. E. Cain and there was no insurance. The G. F. Melvin Co., carried insurance on stock, but the amount was not learned. A good bit of the stock was saved, but badly damaged from the rush in handling and water. Mr. E. F. McCulloch, who occupied a room adjoining his office, was asleep when the fire next to him was found. He saved practically all his effects. Lyon & Lyon lost some of their books and papers.

About everything was saved from the Smith furniture store. There was no insurance on stock or building. For a few minutes the whole business section was threatened as it took great efforts of men on top of buildings across the street to keep the large coals from igniting the dry roofs. Not in a quarter of a century has Elizabethtown been visited by as disastrous a fire. The people are greatly under obligations to neighbors for assistance. W. F. McNeill, from Dublin, seven miles away, was here with a strong force to aid in any way. It is not known how or to what extent the burned district will be rebuilt.

VALUABLE PRIZES FOR THE CORN CLUB BOYS.

Offered by Citizens of Edgecombe County.

(Special Star Correspondence.)

Tarboro, N. C., May 29.—With a view to stimulating interest in the Boys' Corn Club work in this county this year, several valuable prizes have been hung up for the members who complete the year and secure the highest number of points. Both Mr. Zeno Moore, the local county demonstrator, and Mr. T. B. Brown, State agent in charge of the Boys' Corn Club work, who were here Thursday, were delighted with the offers made by the local men and both were sure this year would be the best in the history of the county.

The prizes hung up were: A scholarship to A. & M. at Raleigh, by Mr. George A. Holderness; A bull calf by Mr. T. P. Jenkins, and two pigs by Mr. B. B. Howell, of this county. The scholarship is, of course, a big thing for the winner and is in a way indicative of the character of the former president of the North Carolina Bankers' Association, who is a thorough believer in the Boys' Corn Club and has in years past fostered the movement whenever possible. The other prizes are most acceptable and will go a long way toward making the boys strive harder for the points.

ST. JOHN'S LODGE, NO. 1, A. F. & A. M.

Emergent communication this (Saturday) morning, at 9:30, sharp, Masonic Temple, for the purpose of paying last tribute of respect to our deceased brother, Thomas McMillan. All Masons in this city are respectfully asked to join with us.

By order of the Master.

A. S. HOLDEN, Secretary.

NORTHERN ASSEMBLY IN CLOSING SESSION

(Continued From Page Six.)

cient evidence. The assembly remanded the case to the Presbytery of Neosha for retrial.

A plea that the ban against uncommercialized games and sports on Sunday, as requested by the assembly when it adopted the report of the committee on Sabbath observance, which disapproved of all secular uses of Sunday, be raised, was made today.

Rev. Thomas W. Smith, of New York, and Rev. Henry L. Brown, of Chicago, pleaded that working men be given an opportunity for recreation on Sunday and vainly sought to amend the restriction against "all sports and games" substituting "commercialized" for the word "all."

A resolution endorsing the national administration for its effort to avert war with Mexico was adopted.

The next General Assembly will be held at Rochester, N. Y.

NINE-HUNDRED SOULS FEW WOMEN SAVED

(Continued from Page 1.)

to the bottom scores still left on her decks were carried down, only a few being able to clear her sides and find support on wreckage.

From all accounts Capt. H. J. Kendall, of the Empress of Ireland, bore himself like a true sailor. He trained such command of the situation, it appears that while the Storstad's stem still hung in the gash it had made in the Empress' side, Captain Kendall begged the master of the collier to keep his propellers working so that the hole might remain plugged. The Storstad, however, dropped back and the Empress filled and foundered.

Captain Kendall stood on his bridge as the ship went down. A boat picked him up and he directed its work of saving others until the craft was loaded. The captain was injured and suffered from exposure but his injuries are not dangerous.

When day broke the rescue boats had not returned from the scene of the wreck.

People standing on shore at Father Point scanning the harbor with telescopes saw the rescue steamers picking up boats in the river and prepared to give help to the survivors. They were sorely in need of aid as most of them had on little clothing and the temperature was near the freezing point. When they had been given attention the work of recovering bodies was undertaken. The rescue steamers themselves had brought in nearly 50 of those and tonight after they had continued their search a total of about 250 bodies had been recovered. One woman and four men still living but unconscious were picked up by the steamers during the day. Few of the bodies had been identified tonight.

The wireless is given credit for saving many lives. Responding promptly to the "S. O. S." call the steamer Eureka was on the spot approximately 20 minutes after the disaster and the Lady Evelyn but little later.

Will Make Investigation.

Ottawa, Ont., May 29.—That a thorough investigation might be made into the loss of the steamer Empress of Ireland was urged on the Canadian government today by Sir Wilfrid Laurier, opposition leader in parliament. "It is difficult to believe such an accident in the St. Lawrence so near to Father Point could not have been prevented," he declared.

The government steamer Lady Grey, carrying medical supplies, provisions and doctors from Quebec City, is due to arrive at Father Point at midnight. An official inquiry into the circumstances connected with the accident will be begun early next week, according to Alexander Johnson, deputy minister of marine.

MR. R. F. KNOTT MANAGER MT. OLIVE TOBACCO MARKET.

Ten Thousand Dollar School Building to be Erected.

(Special Star Correspondence.)

Mt. Olive, N. C., May 29.—Mr. R. F. Knott, known all over Eastern Carolina as an experienced and most successful tobacco warehouseman, has been employed by the board of directors of the Mount Olive Tobacco Warehouse Company as manager of the market nere this season. Mr. Knott appeared before a recent meeting of the board of directors to confer with them as to his employment as manager, but deferred for a season final acceptance of the proposition made him by the board of directors. He notified the directors this week, however, that he would accept the management of the market for the coming season, and the directors will now take immediate steps to have erected a warehouse fully equipped in every particular to handle a two or three million pound crop, the work on the warehouse to be rushed to completion, in order to be ready for opening along with other markets.

A new graded school building to cost around $10,000 is to be erected here between now and the first of next September. By a majority vote of the patrons of the graded school district, at an election held several months ago, a $10,000 bond issue was authorized and, the bonds having been sold, the board of education has authorized the construction of a new two-story building, 50 feet wide by 90 feet long, which will relieve the congested condition in the class rooms heretofore.

SIX MINERS KILLED

And Two Seriously Injured When Cage Drawn Over Shaft Wheel.

Tamaqua, Pa., May 29.—Six miners were killed and two badly injured at the Maryd collier late today when a cage in which they were riding the surface plunged 700 feet to the bottom of the shaft.

DR. VENABLE RESIGNS U. N. C. PRESIDENCY

(Continued from Page One.)

ment week meeting of the board of trustees. During Dr. Venable's trip abroad, Dr. Edward K. Graham has been acting president. Dr. Venable is, however, expected to retain his place as a teaching member of the faculty.

He was elected president in 1900 to succeed Dr. E. A. Alderman. He was then head of the chair of chemistry, being one of the most distinguished chemists of America, being a former president of the American Chemical Society, a member of the German Chemical Society, and a fellow of the London Chemical Society. He is the author of several text books on chemistry that are widely used.

During Dr. Venable's administration as president the State university has grown from 527 students and 35 members of the faculty in 1900 to about 900 students and 100 members of the faculty. The general expectation is that Dr. Graham, now acting president, will be chosen as Dr. Venable's successor.

NINE HUNDRED SOULS SPECIAL TRAIN ARRIVS

(Continued From Page One.)

near and I swam to it, pulling my wife after me.

"The impact when the vessels struck was just sufficient to wake us up. It sounded as if our boat wad struck a rock. It was very slight and I was surprised when I realized the awful consequences of the crash. When we got on the deck there were very few persons to be seen. The reason for this is that when the boat had listed to one side the stairs from the sleeping apartments up to the boat decks were almost impossible to mount. As I rushed for the stairs the water was pouring in in such volumes that it threatened to drown us before we could mount the stairs."

Most Serious in History of River.

London, May 28.—The full magnitude of the disaster to the Empress of Ireland, was understood by the English public only tonight. The last regular editions of the evening papers contained the report that many had been saved. Extras were issued later with the chief statement that the chief Marconi operator of the Empress of Ireland, has wired from Father Point that a thousand people have been drowned.

The worst fears were confirmed by Sir Thomas Shaughnessy's statement that the catastrophe was the most serious in the history of the St. Lawrence.

Sir Henry Seton-Kerr and Laurence Irving were the only persons aboard who were well known here. Most of the English passengers in the first cabin were business men from provincial cities.

As soon as it was evident that there had been a great loss of life, the flags on all shipping offices were half masted. At the Canadian Pacific offices the news was posted. The Queen Mother Alexandria sent an equirry to make inquiries.

Among others who sought information was Mrs. Wilde, Captain Kendall's niece. Her husband was chief officer of the Titanic and his brother, George Evans, was sixth officer. Both perished in the wreck of that ship. Her only remaining brother, Cedric Evans, was third officer of the Empress of Ireland.

Her father was drowned at sea 17 years ago.

Gen. Bramwell Booth dispatched a message of sympathy and condolence to the Army at Toronto, announcing that he was sending Commissioner McKie tomorrow to "stand by you."

Revised Figures Show 954 Lost.

Rimouski, Quebec, May 29.—Of a total of 1,387 persons on board the aCnadian liner Empress of Ireland, when she sailed yesterday from Quebec for Liverpool, 954 were lost when the liner was rammed by the Danish collier Storstad and sank off Father Point in the St. Lawrence river before daylight today, according to revised figures late tonight. Only 433 are known to have been saved.

Of the 87 first cabin passengers the late figures show 29 to have been saved. Of the 153 in the second cabin 29 were rescued; of the 715 third class passengers there are 101 survivors, while 237 of the crew of 432 were brought ashore.

These figures account for the 396 survivors landed here and taken by train to Quebec. There remained here 37 rescued persons, unclassified, completing the total of 433 known survivors.

So deep was the gash in the stricken liner's side inflicted by the sharp prow of the heavy-laden collier and so fast the inrush of the sea, that although the first rescue steamer, catching the wireless "S. O. S." call and hastening out from Father Point, reached the scene within 20 minutes after the meeting of the two vessels, the liner already had gone down.

About 300 bodies of dead from the Empress of Ireland lie tonight in the sheds at the wharf here. Some have been identified and claimed. One of the bodies is that of a woman, a child tightly clasped in her arms. Many bodies are torn and bruised. Captain Kendall, of the Empress of Ireland, was downcast over the disaster to his ship when he was brought ashore here.

"I wish I had gone to the bottom with her," he said.

ENCAMPMENT AT AUGUSTA.

Official Announcement of Date—South Carolina May Not Attend.

Clumbia, S. C., May 29.—The joint camp of instruction for organized militia forces of the Ninth division, comprising the States of North and South Carolina, Florida and Georgia, will be held at Augusta, Ga., from July 10 to August 12, according to an official communication received today from headquarters of the eastern department at Governors Island, N. Y., by Adjutant General W. W. Moore.

Mt. Olive, N. C., May 29.—The strawberry season nere is about closed, with a total of about 32,000 crates. This is a shortage, as compared with last year's crop, of about 10,000 crates, due mostly to the continued dry weather, though a decreased acreage also reduced somewhat the total yield. The shortage in berries this season means a loss to the growers of about $20,000, a large per cent of the real profit they would otherwise have received from the strawberry industry, had there been plenty of rain.

Business Locals

Advertisements inserted under this head. One Cent per word for each insertion, but no advertisement taken for less than 25c. Additional words more than 25, One Cent per word. Unless the advertiser has a regular account, all advertisements under this head are STRICTLY CASH IN ADVANCE, the amount being too small to warrant a charge. The Star will send without charge a Western Union Messenger to any address in the city, for advertisements in this department, upon request by 'phone to No. 51. Messengers will also call for Telegrams for the Western Union Telegraph Company, or for notes or small packages to be delivered anywhere in the city. No charge for collecting the telegrams, or advertisements for the Star, but a small charge for strictly Messenger Service. Telephone subscribers may at any time telephone their telegrams and bills will be rendered to suit the sender, daily, weekly or monthly. For this service, call "Western Union," but for advertisements always call the Star office, No. 51. Locals cannot be taken over the telephone—but upon request messenger will be dispatched to any part of the city for them.

NOTICE OF FORECLOSURE.

By virtue of the power of sale contained in a mortgage from J. C. Hankins and wife, Carrie D. Hankins, to Co-Operative Building and Loan Association, registered in Book 56, page 592, in the payment of which mortgage default has been made, the undersigned mortgagee will, on the 8th day of June, 1914, at 12 o'clock, noon, at the Court House door of New Hanover county, sell at public auction for cash, the lands and premises described in said mortgage, viz.:

Beginning at the intersection of the Southern line of Nun street with the eastern line of Wilson street, runs thence eastwardly along said line of Nun street 66 feet, thence Southwardly and parallel with Eighth street 132 feet; thence Westwardly and parallel with Nun street 66 feet to the Eastern line of Wilson street, and thence Northwardly along the Eastern line of said street 132 feet to the corner the beginning, being part of the middle of Lots 1 and 2, in Block 106, according to the official plan of Wilmington, N. C.

Dated this 7th day of May, 1914.
